

BROTHERS FINED FOR  
EVADING CAR FAREHopped Train at Dover—Escaped  
in Lawrence—Jumped on Again  
and Were Arrested in Lowell

It took less than thirty minutes to dispose of the offenders who appeared before Judge Enright in police court this morning. Five drunks who were arrested last night and early this morning were released by Probation Officer Slattery and not one appeared in court for indulging too freely in the fire water.

John J. and Albert Rose, brothers, 21 and 23 years of age, were arrested this morning shortly before 1 o'clock by Officer Drewett charged with evading car fare on a Boston and Maine train.

Fred J. Welch was the first to testify and he stated that he is employed by the Boston and Maine railroad on a train that runs from Portland to Worcester. He said the defendants

## \$33,000,000 IS NEEDED

To Place B. & M. in First Class  
Condition, According to Road's  
Chief Engineer

BOSTON, Sept. 24.—More than \$33,000,000 will be needed within the next two years to place the Boston & Maine railroad in first class condition according to testimony given today by Arthur B. Corbitt, the road's chief engineer, before Interstate Commerce Commissioner Charles A. Prouty at the hearing on the proposed increase of freight rates. Within the next five years \$55,000,000 will be needed, Mr. Corbitt said. The elimination of grade crossings will require \$2,500,000; automatic block signals \$1,612,000; terminal improvements in Boston \$1,300,000 and additional main tracks \$2,750,000 and all within two years.

Henry Hartlett, mechanical superintendent, testified that the road was

adequately equipped since the recent addition of 100 powerful engines. Fifty new locomotives will be needed within a year, however, to replace old ones. The railroad now has 124 engines as against 1735 a year ago. He estimated that the Billerica shops, when completed will reduce repairs costs from \$35,000 to \$75,000 annually. Up to the present time \$1,114,000 has been spent on these shops, which will cost \$2,250,000 when finished.

Morton J. Bradley, statistician, showed that the percentage of expense charged to maintenance of equipment was very low. During 1912 it was 18.3 against 19.1 for the New Haven, 23.3 for the New York Central and 27.6 for the Pennsylvania.

The cost of operation was \$257 per ton, he said, which represented a greater reduction in cost in the past ten years than any other eastern road will show.

## BASEBALL FAN

Was Interested in Game  
and Horse Didn't Be-  
lieve in Signs

"What's the matter with you?" queried Lieut. Martin Connors of a teamster whose wagon collided with the "Keep to the right and go slow" sign at Merrimack square, yesterday afternoon.

"I was interested in the reports of the Lowell-Hartford baseball game," replied the teamster and they are conferring so fast from The Sun megaphone.

that in order to get everything, I cannot drive my horse."

"You had better wait till tomorrow and see the local game," continued the officer. "And watch where your horse is going. If you keep on that way you will kill someone before the day is over."

A teamster driving a wood wagon bearing the inscription "A. A. Brown, wood dealer," was driving his horse in Bridge street late yesterday afternoon. When the rig reached Merrimack square, the driver, who apparently is a red hot fan, paid no attention to the reports of the Lowell-Hartford baseball game which were given from the third story of the Sun building through a megaphone, each play coming direct from the grounds at Hartford, Conn., by special wire to The Sun office.

The horse, however, did not seem to be interested as to what team won, and simply kept right ahead. The animal saw the large red steel sign, and stepped aside, but one of the wheels of the wagon struck it and bent it considerably. It was at this moment that Lieut. Connors and Lieut. Deeman came to the driver's assistance and rescued the sign. The police lieutenant remonstrated with the driver and told him that it was the second sign that had been assaulted in Merrimack square in the course of the afternoon by rigs piloted by drivers who were more interested in The Sun's returns than in the modus operandi of their steeds.

Dem. Nominee for SenatorRourke and Barlow Named in County  
Commission Fight—Gilbride Wins in  
16th—Corcoran for District Attorney

The state primaries, held yesterday, did not develop many surprises. The vote, as a whole, was very light and not a great deal of interest was manifested. The result of Lowell's vote was not known at city hall until about 2 o'clock this morning when the last few precincts came straggling in.

They are still counting the votes in the county for county commissioner, and if the weather holds good they may finish the job by the end of the week. The county court is of neces-

sity a slow one, but there isn't much doubt today as to the nominees. Erson B. Barlow is the choice of the republicans, of that there seems not to be the shadow of a doubt, but on the democratic side a doubt exists. Fred H. Rourke carried Lowell by a good margin, but there are a number of towns in which it will be a pretty close fight between him and McCluskey of Cambridge. From the information at hand he allows that Deputy Sheriff Walsh of Framingham is out of the running.

The walloping administered Long by

Barry for the lieutenant on the democratic side came somewhat as a surprise as the belief seemed to be quite general that Long would be the man on the city over Gardner, but that was not much of a surprise as Col. Benjamin has always been quite popular in Lowell.

William R. Scharton of Newton, candidate for district attorney on the democratic ticket made a sort of whirlwind campaign in Lowell, using an automobile as means of travel, and Scharton seemed to get the crowd wherever he went. He's a good talker and filled

DENOUNCES GOVERNOR  
SULZER AS A GRAFTERAtty. Richards, for Prosecution, Says  
That Executive Was Busier Getting  
Money Than Votes

ALBANY, N. Y., Sept. 24.—The crucial point in the preliminary work of the Sulzer impeachment trial was reached today. On the decision of the court on the legal objections now before it, that of permitting the articles of impeachment relating to the governor's money deals to enter into the testimony, depended the whole future of the prosecution.

Without these articles of impeachment, the first, the second and the sixth, it was realized that the case of the prosecution would be weakened immeasurably. Such a condition was not calculated to cause the assembly managers to abandon the prosecution, but was to prompt them to use every effort to obtain the passage of additional

charges by the assembly to brace up their case.

The ruling of the court on the disputed articles was expected some time today. By tomorrow at the latest the first witness should be heard.

Important Articles

Here are the articles on which a decision was to be given today and which are so vital to the case:

Article 1. Charges that the governor filed with the secretary of state a false statement of his receipts and other monetary transactions involved in his campaign for election in violation of the corrupt practices act. It sets forth that the statement showed receipts aggregating \$3129 and did not contain contributions aggregating \$8500.

Article 2. Charges that in swearing to "such false statement" the governor was "guilty of wilful and corrupt perjury."

Article 3. Charges that he committed grand larceny in speculation on the New York stock exchange with money and checks contributed to his campaign. It alleges that he mentioned in the previous articles were stolen by the governor together with cash aggregating \$82,500 and that he used the same for a large part thereof in his alleged speculations.

Austen C. Fox was to continue his address at the opening of court in support of the arguments of the defense that the three articles should be stricken out.

Several members of the court were absent when Mr. Fox resumed his ar-

gument shortly after ten o'clock. The attorney opened by attacking the statement of Judge Parker at yesterday's session that the constitution permitted the assembly to impeach any time for any cause. He conceded that there was a broad power of removal, but held that in regard to impeachment the assembly had no power to accuse an official for acts committed before having taken office.

"This attempt on the part of the managers to remove William Sulzer private citizen," Mr. Fox continued, "is a novel doctrine never heard before in any court of justice in this nation. Convention, never submitted any English speaking people."

"If they who have been summoned

WORTHENPARK MEN CUTTING  
OFF DEAD LIMBSDepartment Busy on Trees That  
Are Dangerous—Lawrence St.  
Bridge Work is Progressing

The employees of the park department known as the tree gang, are very busy in trimming dangerous trees about the city, and the biggest job is that of cutting off dead limbs on the large tree at the corner of John and Merrimack streets.

Last Monday during a heavy shower a woman had a very narrow escape from serious injury when a large limb on this particular tree snapped and fell to the sidewalk with a crash. The woman was going along unconcerned, holding an umbrella over her head, and did not see the large piece of wood when it loosened. She had barely passed under the tree when the limb fell to the ground.

Other large trees in the Centralville, Pawtucketville, and Belvidere districts will also be taken down in a short time.

Plans July Bulbs

The park department has just received 13,000 tulip bulbs from Germany and the same will be placed in the ground some time next month. A large number will be placed in Lucy Loomis park together with handsome new shrubs and young green trees. Some of the tulip bulbs will be placed at small parks of the city. The old tulip bulbs which have been sorted and packed will be given to orphanages and parochial schools, while the majority of them were turned over to Miss Lee, supervisor of primary schools, who will make good use of them.

Mr. Kiernan was appointed on the reception committee of the Good Roads congress, which will be held at Detroit in the latter part of this month. At this congress engineers and road contractors will meet and discuss the best methods of performing their work as to whether he will attend this congress, which is an annual affair.

Auto Purchased

Agent Fox of the supply department has purchased an automobile for the school department as voted at a recent meeting of the school board. The machine is a Ford runabout and cost at a cost of \$500, F. O. B. factory. It will be utilized by the department for delivering supplies to the various schools of the city.

It will be remembered that when it was voted by the school board to purchase an automobile for the department, it was specified in the motion that the cost was not to exceed \$600, and this brought forth a little controversy among certain members who favored increasing the cost to \$900 so as to give other automobile dealers a chance to bid, but the purchasing

agent stated this morning that according to the charter, it is up to the purchasing agent and not to the various departments at city hall to specify the cost or price of anything purchased through the supply department. He said he believed the Ford runabout would suit the purpose of the school department, and to his knowledge it is the best car for the money.

Lawrence Street Bridge

Work on the construction of the new bridge across the Wamecet canal in Lawrence street is progressing rapidly. The construction of the bridge is under the direction of the Wamecet Power Co. and already the abutments and the piers are finished. The eye beams are now being set and the flooring will be pushed along so that it is believed the structure will be completed in the fall. As soon as the bridge is finished it is the intention of the street department to repave Lawrence street from Watson street to Andrews street. The Wamecet Power Co., the Bay State St. Railway Co., the Boston & Maine and the city of Lowell will bear the expense of the building of this bridge.

Street Department

Employees of the street department have completed their task of reurfacing and resurfacing portion of the Pawtucket boulevard extending from Dunbar avenue to the city line, and now the thoroughfare is in very good condition. The matter of laying aside a certain portion of the road as a speedway in accordance with a petition signed by several horsemen of this city, will be taken up soon by the commission of streets and highways and the city solicitor.

Edgestone work preparatory to the paving of Graham street from Davis square down to the centre of the city was started and tomorrow the paving of the west side of Thelmsford street is nearly completed and the sewer job on Plain street was completed yesterday. Tomorrow the Sheldon street sewer will be started. The south side of Third street, which is being macadamized is ready for oiling and this will be done soon.

As soon as the 24-inch water main which is now being installed in the bed of the Merrimack river is in place, work will be started on the extension of the Allen street sewer outlet, and this will probably be the latter part of next week. Men are also employed on the former of the old dilapidated wall in Fairmount street extension, and as soon as this work is finished the street will be filled in and graded.

Permit Granted

George M. Reed was this morning granted a permit to erect a dwelling house at 32 Daniel street. The new building will contain 7 rooms, bath and pantry and will be 27 by 30 feet, 2 1/2 stories high. The approximate cost will be \$2500.

to the defense of the man whom the people of New York have chosen to be their governor," continued Mr. Fox, "than that which is involved in the question of his personal innocence the question which would arise would be a question of fact. Its determination by this court, though of terrible importance to the individual would involve no precedent and touch in no way the supreme law of the land. No such issue we could advance with confidence and such an issue this court could decide with no thought except to do exact justice to him who stands before them."

Wisdom of Our Fathers

Counsel declared that a scant majority of the assembly were now asking the court to do away with the limitations which in the wisdom of our fathers has surrounded the exercise of the great power to accuse of wilful misconduct in office" and he intimated that back of this were men "whose very political creed embodies an impatience of constitutional restraint and who demand that the final test shall be not a judicial interpretation of the constitution but the duly ascertained wish of the majority of the moment."

He continued:

"If the view of the honorable managers be correct, then, indeed, all question of constitutional limitation or construction is beside the mark and this court should proceed to register whatever decree it may be persuaded by best please what it may determine is the present public mind."

Sulzer Makes Denial

Final decision of the defense's objection to including the "money" articles of impeachment in the constitutional convention of the Sulzer case will not be given until all testimony has been taken. The court voted, 42 to 7, today to follow this procedure.

Governor Sulzer's answer to the eight articles of impeachment filed with the court today entered a general denial to each and everyone of them.

The vote to reserve decision following an opinion delivered by President Judge Cullen advising that the merits of the objections of counsel for the governor to the articles be not decided at this time.

"I do not think it is wise," he said, "to decide this case piece meal."

After urging that the case be not decided piecemeal, Judge Cullen said: "In a court of impeachment a vote of two-thirds is necessary to convict. A decision on this question would require a majority vote which is a minority greater than one-third, might decide the other way. How, then, will the case be disposed of? I should prefer to have ample time to reflect on the arguments here presented by

BOSTON, Sept. 24.—Lieut. Gov. David I. Walsh, Congressman Augustus P. Gardner and Charles E. Bird will lead the democratic, republican and progressive tickets respectively, in the fall campaign as the result of the primaries yesterday.

Lieut. Gov. Walsh and Mr. Bird were nominated without opposition and Congressman Gardner won after a lively

contest with Col. Everett C. Benton, who was defeated for the nomination last year by Joseph Walker.

There was a contest for the second place on the democratic ticket in which Edward P. Barry defeated Richard H. Long by a small margin.

When the final returns came in today from the cities and towns of Massachusetts which balloted in yesterday's primaries for governor, lieutenant-governor and other elective offices of the state it was shown that the positions of the leading candidates of the early returns had changed, but little.

One of the most prominent features of the balloting was the light vote cast by the progressives. Today the friends of Augustus P. Gardner are jubilant over his victory and are sanguine of his election.

The completed results of the balloting in the Gardner-Benton gubernatorial and the Barry-Long lieutenant-governorship contests follows:

THE VOTE IN BOSTON  
BOSTON, Sept. 24.—Lieut. Gov. Walsh, who was unopposed, got practically every democratic vote cast.

Everett C. Benton carried Boston over Augustus P. Gardner by a majority of 157 votes at yesterday's state primaries, in the republican contest for gubernatorial nomination.

Benton, supported by the republican city machine, carried 20 of the 26 wards in the city by a small margin in each. His total vote was 4757, against 4630 for Gardner.

Interest throughout the city was centered in the fight between Edward P. Barry of South Boston and Richard H. Long for the democratic nomination for lieutenant governor. Barry swept Boston over Long by a majority of 1209 votes, even though some of the machine-democratic leaders, including Martin Lemarie of ward 5, delivered their vote to Long. Barry's vote in Boston was 15,421 against 14,222 for Long.

The contest between Frederick W. Mansfield and Joseph P. St. Clair for the democratic nomination for state treasurer was one-sided. Mansfield got 22728 votes against 2552 for St. Clair.

Pelletier Easy Winner  
District Attorney Joseph C. Pelletier, who was renominated by both the democrats and republicans, had an opponent for the democratic nomination—Timothy W. Coakley. Pelletier was out by two to one, despite the fact that he did not take the stump during the campaign, while Coakley was out campaigning day and night. Pelletier's total vote in Boston was 21,157 against 10,640 for Coakley.

Between Charles L. Burrill of ward 11, and Maurice Kane of Whitman for the republican nomination for state treasurer, Burrill swept Boston by more than three to one, even though President Herman Hemed of the republican city machine and many of his followers fought Burrill hard. Burrill got 6513 votes in Boston against 2171 for Kane.

MELANE RE-NOMINATED  
FALL RIVER, Sept. 23.—Walter E. Melane was renominated by the republicans in the second Bristol electoral district yesterday.

NAMED BY DEMOCRATS  
HOLYOKE, Sept. 24.—John F. Sheehan of Holyoke was nominated by the democrats yesterday in the second Hampden electoral district.

GIFFORD WINS OUT  
BUZZARDS BAY, Sept. 24.—Charles L. Gifford of Buzzards Bay was nominated yesterday by the republicans in the Cape Cod electoral district, defeating Dr. Benjamin Sharp of Nantucket.

### Frolaset FOR FIT, COMFORT AND FASHION

Every woman whom we have fitted with a Frolaset is pleased.

We have yet to hear from a dissatisfied Frolaset wearer.

Personally, we are enthusiastic about the new models. They fit so perfectly. We can bring out the natural graceful lines of youth most admirably.

Ask any woman who is wearing a Frolaset, how she likes it. Or, rather come in and allow us to try one of the new models on your figure.

Why should you continue to wear a corset that does not mould your figure to present the lines that you will be proud of?

It will not obligate you in any way to have us give you a trial fitting. We are anxious to show you how your figure may be improved.

# MAINE TRADE BOARD MET

## Pres. Boothby Says Nothing Tends so Much to Help a State as Character of Transportation

WATERVILLE, Me., Sept. 24.—"Nothing tends so much to help a state as the character of its transportation facilities," said Col. Frederick Boothby of Portland in discussing transportation in his opening address as president at the 25th annual meeting of the state board of trade today. Colonel Boothby was for many years general passenger and ticket agent of the Maine Central railroad.

"Just now I am pleased to say there is a let-up in the truck-raking of the New England railroads," he continued, "though this has not existed to any great extent here in Maine, so far as the operation of trains is concerned. Maine roads have received the commendation of the interstate commerce commission. It is not the scope of my office to criticize in any way the financial policy of any of the railroads in New England but I cannot refrain from telling you that so far as the interests of the state of Maine are concerned they have been furthered by the efforts of the so-called New England lines as much as by any put forth by all the different lines in recent years."

**State Highway Commission**

An unmistakable warning that the new state highway commission will not tolerate political preference in its appointments and work throughout the state was sounded by Lyman H. Nelson of Portland, chairman of the commission, in an address on "The State Highway Commission and what it is doing for Maine."

Mr. Nelson declared that the members of the commission were unanimous in its decision to appoint only the best men obtainable for the positions to be filled regardless of their political belief. He also gave notice that the work to be done on the highways of the state will be in localities where it is most needed and not in places where it is desired by people with a political pull.

One of the suggestions he made was that the principal trunk lines be given names, as is done in some other sections of the country. He suggested "Atlantic boulevard" for the Kittery to Portland route, "Casco Bay drive" for the Portland and Brunswick highway and "Kennebec boulevard" for the river road between Augusta and Waterville.

# WARNED OF FORGERIES

## U. S. EXPRESS CO. SAYS THE CHECKS ARE BEING COUNTERFEITED

NEW YORK, Sept. 24.—Twenty thousand banks in every section of the world have been notified by the United States Express company, that a band of international bank swindlers have counterfeited the company's \$50 travelers' checks and are passing them wholesale in Europe. Twenty-four of the counterfeit checks, issued and uttered within a week and cashed at Carlsbad, Lugano and Nice, have been received by the company here.

These checks, representing one week's operations, are dated Aug. 22 to 24, and were cashed by two men who signed the checks, Robert T. MacDonald and William T. Riley. A cablegram, received yesterday by J. S. Bigger, superintendent of the company's foreign department, from the Wiener Bankverein at Vienna, describes one of the men—which one, however, is not made clear—as an elderly American, smooth-shaven, of slight figure, and flat nosed. The Carlsbad branch of the Wiener Bankverein cashed several of the spurious checks.

Checks that may have been issued since Aug. 23 have not yet been received here, and the amount involved in the operations subsequent to that date is therefore conjectural. The company does a business of several millions of dollars a year in travelers' checks, issuing them in denominations of \$10, \$20, \$50 and \$100.

The counterfeit checks are all of the \$50 denomination and of the 1907 series. The counterfeits are easy of detection, inasmuch as they do not have the words United States Express watermarked on the paper, as do the genuine, and there are other defects in reproduction. Among these are "g" in the figures "50," and a reduction in size of the various foreign money equivalents engraved on the genuine checks. The ink used on the counterfeits is pale; that on the genuine distinct and strong.

# VATICAN FIGHT VESSELS CRASH

## Death of Prince Ros-pigliosi Bars Marriage Sanction

ROME, Sept. 24.—Prince Joseph Rospihl died in the full knowledge that the Vatican had refused to sanction his union with the Princess Rospihl, formerly Mrs. F. H. Parkhurst of Bangor, Maine.

Although the couple were wedded by a civil tribunal, the church has repudiated the union, and the princess, with their two children, is barred from the recognized title of her husband's household.

This was the emphatic statement yesterday of Prince Camillo Rospihl, brother of the dead prince, and ex-commander of the papal guard. Prince Camillo was at the bedside of his dying brother until the end. He claims no service was performed by a priest of the church uniting the couple in religious wedlock.

The annulment of Mr. Parkhurst's marriage to Colonel Parkhurst has never been admitted by the Catholic church.

The romance of Mrs. Parkhurst and the prince has formed an interesting chapter in late divorceal courtship, and the contest of the now famous woman and her husband, which continued to his death, has been watched with tremendous interest.

Mary Jennings Reid, first married Colonel Parkhurst of Bangor, Me., and when they were divorced he retained possession of their two children. Her engagement to the prince was announced in 1901, and both being Catholics the Vatican refused permission of a religious service on the ground of the opposition to the church in divorce.

**Social Ostracism**

While the princess was popular, her social standing could not be recognized until a church ceremony had been performed. The beautiful American girl has been forced to face almost social ostracism in the midst of her luxurious surroundings.

When their first child, a girl, was born, an English Sister of the Holy Nuns engaged to care for the princess, refused to attend her because the church had not sanctioned the union, and a Protestant nurse had to be engaged.

When society refused to recognize the princess, the family of the prince was highly incensed. Appeals have been continuously made to the Vatican to authorize a religious ceremony, but without avail.

When a second child, a boy, was born to the prince and princess, the mother was sent outside Italy, where the standing of the mother was recognized.

The question of the "annulment" of the Parkhurst marriage could have been facilitated, if Colonel Parkhurst could have been persuaded to testify, but he refused, and it could not be proved he was an unrepentant person.

So with the question recorded "unproven" by the Vatican tribunals, the marriage has never been sanctioned.

# GEN. BARTLETT BETTER

## PHYSICIAN LAYS DOSTON ATTORNEY'S SUDDEN ILLNESS TO ATTACK OF INDIGESTION

BOSTON, Sept. 24.—Friends of Gen. Charles W. Bartlett of Newton, the Boston attorney, were greatly relieved last night to learn that he had so far recovered from the indisposition which attacked him at the court house at East Cambridge yesterday that he has been taken to his home by his physician, Dr. Frank Higgins of Commonwealth avenue, and was reported as doing well.

Within a week, Dr. Higgins declared last night, he hopes to see Gen. Bartlett out again. His patient left the court when he had been removed from the Hotel Puritan to his home in Dr. Higgins's automobile that he wanted to stay up, but was ordered to bed and rest for a few days.

Gen. Bartlett suddenly leaped against the wall of the court house corridor, weak from what appeared to be a shock. Clerk Dillingham escorted him to the front steps while he telephoned to the general's Boston office. His son, Joseph, Bartlett, and Dr. John Buttram arrived and medicine was administered, after which he was removed to the Puritan.

Dr. Higgins said last night that Gen. Bartlett was suffering from indigestion, but insisted that he had not had a shock as reported.

Mr. Bartlett was later removed to the Hotel Puritan, where his son talked with the reporters by telephone. He stated that his father was not in as serious condition as was at first supposed.

# NEW PASTOR ARRIVES IN LOWELL

## Rev. J. B. Labossiere Takes up Duties at St. Louis' Church

Rev. Jean Baptiste Labossiere, former pastor of Sacre-Coeur parish, Amesbury, and who was recently appointed pastor of St. Louis church, this city, to succeed the late Rev. J. N. Jacques, arrived in Lowell last night and assumed his new duties at once.

The reverend gentleman arrived in Lowell at 5 o'clock in his automobile, and in the evening a brief reception was held at the rectory for the new pastor is well known in Lowell and held in high esteem by all who had the good fortune of meeting him on previous occasions. It was he who delivered the eulogy at the funeral service of the late pastor, for he was a close friend of the late Fr. Jacques.

Last Sunday Fr. Labossiere made the announcement in his church in Amesbury to the effect that he had been transferred to a larger field of work, St. Louis parish, Lowell, and the news of his departure was greeted with sorrow, for he had been pastor of the Sacre-Coeur church for ten years during which time he made a host of friends both among his flock and people of other church denominations.

Rev. J. B. Labossiere was born at Sorel, Que., March 12, 1864, and received his early education at the Christian Brothers' school in Montreal. He studied theology at St. Mary's Jesuit college, Montreal, where he also served one year as professor. In 1887 he entered St. John's seminary in Brighton and on Sept. 21, 1889, he was ordained to the priesthood by the late Archbishop Williams. Shortly after his ordination the young priest was sent to the Catholic university in Washington for special study for one year, and upon his return he was assigned to the Georgetown parish, where he remained 10 months.

From there he was sent to St. Marie's parish in Lynn, where he served as a curate for three years. Later he was transferred to Newburyport, where for nine years he fulfilled the duties of assistant pastor. On March 15, 1903, he was transferred to Amesbury, where he organized the Sacre-Coeur parish. The former headquarters of the Veteran Firemen's association, which consisted of a small wooden building, was purchased and worship was immediately started there.

In a very short time, however, this building proved inadequate for the increasing French speaking people of that district and the Free Baptist church was purchased and remodeled at a cost of \$12,000, and an adjoining house was bought to be used as a rectory. In 1911 a fine brick school was erected at a cost of \$25,000, and the

NEW YORK, Sept. 24.—Trauma which reached the body of "Big Tim" Sullivan a few minutes after the train crash, with only a small flow of blood, according to testimony understood to have been given yesterday before Assistant District Attorney Grocki. Reports that the congressman's death was not accidental and that he had met foul play at the hands of thugs who placed his body on the rails to hide their crime, led to the investigation.

# REP. WM. S. HOWARD

## HAS NEW PLAN TO RETIRE TWO PER CENTS—SAYS POSTAL BANK SYSTEM IS UNSATISFACTORY

WASHINGTON, Sept. 25.—Representative William S. Howard, a Georgia democrat, has a new scheme for the retirement of the outstanding 2 per cent. bonds, which the Glass bill provides shall be gradually exchanged by their holders for 3 per cent. bonds, the latter without the circulation privilege.

Mr. Howard, asserting that the present postal savings bank system is unsatisfactory and undeveloped, proposed to Congress that the government through the postal savings banks shall issue bonds in small denominations, from \$5 up, until funds are received sufficient to take up the \$742,000,000 worth of 2 per cent.

# Croxone Makes Kidney Troubles, Bladder Disorders, Rheumatic Pains Vanish

If you suffer with backaching kidney trouble, have disagreeable bladder and urinary disorders, or are tormented with rheumatism, stiff joints, and its heart-wrenching pains, you will be surprised how quickly and surely Croxone will relieve all such troubles.

It soaks right in through the walls, membranes and linings, neutralizes, dissolves and makes the kidneys sit out and filter away the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, it is practically impossible to take Croxone without result. It starts to work the minute you take it and is guaranteed to relieve you the first time you use it, or cost you nothing.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder trouble, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run down, or bothered with urinary troubles, Croxone really will relieve your misery and do it quickly. An original package costs but a trifle, and all druggists are authorized to return the package if it fails in a single case.

## Ulster Unionistic Council Assembled Today to Discuss Plans

BELFAST, Ireland, Sept. 24.—The embryo "parliament of Ulster" known under the title of the Ulster Unionistic council, assembled today to the number of 600 in Ulster hall in this city to discuss the plans for the provisional government of the province in the event of the home rule bill becoming law. The Marquis of Londonderry, formerly lord lieutenant of Ireland under the conservative government, presided. Sir Edward Carson, leader of the Ulster Unionists, all the Irish Unionist members of the house of commons, the Duke of Abercorn and many other peers and representatives from all parts of the province of Ulster attended.

to the brim with energy and enthusiasm. William A. Corcoran of Cambridge was also looking for the nomination and his entrance into Lowell was very quiet, a sort of rubber heel entrance, and when the votes were counted early this morning it was discovered that Corcoran had defeated Scharton.

John J. Gilbride gave his opponents and others quite a surprise in the 16th representative district. Gilbride is practically a youngster and he was up against seasoned campaigners in the person of Eugene Toomey and J. Joseph O'Connor. Gilbride's nomination, however, was conceded a few days ago by the wisecracks in wards 4 and 5 after Mr. Gilbride had taken to the stump. He made a most favorable impression as a speaker. He organized his forces in the early part of the game and with an enthusiastic band of young voters, recruited from the popular South End club, he waged a very telling campaign and the result is a striking tribute to his popularity, for to defeat such men as Representative Toomey, Lawyer O'Connor and ex-Councilman Donahue, was going some. The new representative to be, for a nomination in this district is equivalent to an election, is a registered pharmacist. He resides in Prospect street with his mother.

In the 11th district, ex-Selectman Jaz. P. Dunnigan of North Chelmsford was nominated by the Democrats and got a flattering vote. This district embraces five or six towns and with a progressive candidate in the field along with the regular republican candidate, Mr.

Dunnigan's chances look awfully good from the road. This is the district from whence Senator Ed. Fisher graduated to the senate.

**Representative Contests**

In the 18th district Fred O. Lewis put it all over the present incumbent, Mr. Craig, and his other opponent H. C. Taft. Mr. Lewis is the republican nominee and he hasn't any democrat to contend with.

In the 14th district, the nominees are: Democratic John W. Brennan; Republican, Hon. J. H. Hibbard. The vote, as follows: Brennan 236; Hibbard 115; Crowley, 96; Roman, 54. The individual republican vote was Chisholm, 183; Hibbard, 323, and Taylor, 214.

In the 19th, where there was a contest between T. F. Sheridan of Billerica and J. R. Kiggins of Lowell, the latter wins easily. The vote was: Kiggins, 351; Sheridan, 147.

**The Progressive Vote**

The progressives did not seem very anxious to prove their voting strength yesterday. There were no contests in the progressive nominations and it was impossible to tell anything about the vote as hearing upon election results.

**Judge Beaudreau Nominated**

Judge R. H. Beaudreau, of Marlboro, a close friend of Principal Assessor Blazon of this city, was nominated for representative in that city yesterday.

**The Nominees**

Fourteenth Middlesex Representative—Democratic, John W. Brennan; Republican, Joseph H. Hibbard.

15th—Democratic, Dennis A. Murphy; Republican, no candidate.

16th—Democratic, John J. Gilbride; Republican, no candidate.

17th—Democratic, Mullarky and Jodoin; Republican, Achin and Jewett.

18th—Republican, Fred O. Lewis; Democratic, no candidate.

### SULZER CASE

Continued

council and to look up the authorities cited. Therefore, I should desire that this question be left open until the final vote on the guilt or innocence of the respondent.

Overruled Objection

"In support of that desire I under the power vested in me by the rules of this court shall overrule the objection proforma without any expression of opinion on the merits of the case."

In accordance with the judge's ruling, Majority Leader Wagner of the senate moved that the final decision be left open and that the request of the respondent's counsel be denied merely as a matter of form without prejudice to the merits of the question being passed on at a later date. The motion was then passed.

Immediately following the roll call the governor's counsel was called upon to enter answer to the charges. These were read by C. C. McCabe. In them the governor declared that he had filed his campaign statement in "good faith."

Engine Lamb Richards, of counsel for the prosecution, then opened the case against the impeached executive.

ATTY. RICHARDS OPENED HIS CASE AGAINST IMPEACHED GOVERNOR

ALBANY, N. Y., Sept. 24.—Governor William Sulzer was busier getting money than getting votes during his campaign for election, declared Eugene Lamb Richards, of counsel for the prosecution today in his address opening his case against the chief executive.

"Now that the technicalities and

### quibbles raised by the respondent have been swept away from this court," began Mr. Richards. "He must now meet the question as to whether or not William Sulzer is guilty of the offense charged in the articles of impeachment."

### Secret Campaign Account

After outlining the provisions of the election law relating to the reporting of campaign contributions, the attorney continued:

"With these provisions in force what did William Sulzer do? Five days after he was nominated for governor he made a public announcement that he would have no campaign collectors or financial managers and yet at that moment his private secretary was already running a secret campaign account, and the respondent already had collectors working for him scouring the city and state of New York for checks and cash."

"We expect to show that he preferred first currency which has no earmarks; next, checks to bearer or cash; next, checks to the order of some one other than himself, and if these were impossible he was willing to take checks to his own order."

### Preferred Cash

"We shall prove to the satisfaction of this court instances of his requests that checks should be made to the order of some one other than himself, that he preferred cash to checks and that when some of his collectors came in with checks he asked them in the future to cash the checks and bring the cash."

"He did more than collect and hold these checks. He intended to keep them. He had no thought of returning the surplus to the contributors, for it will clearly appear that he used and intended to use their contributions to buy stocks and to supply margins for stock speculation."

"It will not be necessary here to reveal all our testimony. Among others, there was an account in the Mutual Alliance Trust Co. in the name of his secretary, Louis A. Sarecky; there was the personal account of the respondent in the Farmers Loan & Trust Co.; there was a speculative account on margins with Harris & Fuller, brokers; there was an account for stock purchases with Boyle, Griswold & Co., brokers; and there was a further account for stock purchases with Fuller & Gray, brokers."

### Ways of Getting Money

"Others ways of getting and disposing of money will appear when our witnesses are called."

### ing of money will appear when our witnesses are called.

Mr. Richards entered into details of the contributions by checks and in cash to the Sulzer campaign fund, estimating the total at \$10,000 in round figures and then took up and disputed in detail the claims of the respondent that he was away campaigning when these contributions were received.

Sulzer's alleged stock deals also were canvassed by the attorney for the impeachment managers and the disappearance from his home and office of Frederick L. Colwell, the governor's alleged broker, was connected with communication between Sulzer and Colwell on the second day's hearing before the Frawley committee.

### "Corrupt Bargaining"

Concerning his alleged "corrupt bargaining" by the governor of the power of his office for votes in favor of measures in which he had a personal political interest, Mr. Richards related the testimony brought out at the Frawley committee investigation concerning certain deals alleged to have been conducted by the governor with three assemblymen.

"We shall show," said the attorney in conclusion, "that the respondent continued to speculate in stocks after he became governor and that while so interested he caused to be introduced in the legislature and advocated the adoption of legislation affecting the rise or fall of securities on said exchange and we shall leave it to this court to say whether his act as governor in fathering such legislation was not influenced by his personal interest in the fluctuations of securities affected by that very legislation."

### BOTH CONFIDENT

### Gallant and Phillips Report That They Are in Good Condition for the Boat Friday Night

Many of the members of the Lowell A. C. are picking Joe Phillips to defeat Gilbert Gallant in their bout here on Friday evening and base their claim on the fact that the westerner has met some of the best lightweight in the country and always made a creditable showing. He boxed a draw with Freddie Yelle and also held Eddie Murphy to a draw. The latter has beaten Gallant and also Joe Egan and with this record those picking Phillips feel confident that he will come out on the long end. Since meeting Phillips, Gallant's manager says, has greatly improved and he feels that "Gil" will show his opponent new tricks of the game. Gallant has challenged the winner of the

### Baldwin-Murphy bout, which will be staged in Boston, Sept. 30, and this is an added incentive for him to win Friday night. The other members on the program will be in keeping with the main event.

### YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache or Sour Stomach Means Sluggish Liver and Bowels

Get a 10-cent box now.

Furred Tongue, Bad Taste, Indigestion, Bloating Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

# THIS IS WHAT HAPPENS WHEN STEEL ELECTRIC TRAINS CRASH HEAD ON, BUT IT'S BAD ENOUGH

STEEL CARS SMASHED IN LONG ISLAND (N.Y.) HEAD-ON COLLISION  
PHOTO BY AMERICAN PRESS ASSOCIATION

NEW YORK, Sept. 24.—Three railroad men were killed and about 50 passengers were hurt in a head-on smash-up between two electric trains made up of steel cars on the Long Island railroad near College Point, N. Y. The trains crashed into each other on a single track at a curve through a hillside in signals. This picture shows what happened and is of general interest because of the proposed federal legislation compelling the installing of steel cars on all railroads within a certain period. The Long Island wreck demonstrates that steel cars save life, although the loss was bad enough and the front car on each train was badly smashed. Railroad men claim that had the cars been of wood the death list would have been perhaps 50 instead of three.

## MRS. CATHERINE THOMAS

WOMAN DIED SUDDENLY—HER BODY FOUND AT HER HOME BY HER SON

Albert Thomas, upon entering his home in 121 High street, last night found the lifeless body of his mother, Mrs. Catherine Thomas, in bed.

Mrs. Thomas had been alone in the house all day, but when her son left her she did not complain of any illness. The young man, however, returned to his home shortly after 10 o'clock last night and found his mother dead. The cause of death was heart failure.

The body was removed to the funeral parlors of Undertaker C. H. Moir. Deceased is survived by a husband, William; three sons, Albert, Harold and William J.; and a brother, as well as three sisters.

## AIDS CANCER TREATMENT

Boston Physician Brings Last of Mesothorium Available Until 1917 Home From Germany

BOSTON, Sept. 24.—Mesothorium, which is the result of the decomposition of thorium, is a new element producing rays of curative value in cancer, according to the findings of the United States government appraisers, which has just been filed.

Dr. Francis D. Donoghue, president of the Massachusetts society for the relief and cure of cancer, recently returned from Europe bringing with him about 100 milligrams of the new element, valued at approximately \$15,000. This mesothorium is the first to reach the United States and the last which can come here until 1917. It is understood, the German government having purchased the remainder of the available supply.

Dr. Donoghue, with whom are associated Dr. George W. Ryan and Dr. M. P. Van Dusen, is planning to use the new cancer cure in this city.

In some way he lost control of the barrel and it slipped, crushing his hand the lower part of his arm. He was taken to St. John's hospital where his injury was treated.

## HUNT MURDERER

Nation Wide Search for Slayer of Merchant—Say He Killed Others

INDIANAPOLIS, Ind., Sept. 24.—Concluded that the young man who Monday brutally murdered and robbed Joseph Schlansky, a clothing merchant, in a hotel, here is the same person who has committed similar crimes in several eastern and middle western cities, the local police department last night asked officers in every large city east of the Mississippi river to watch for the slayer. They believe the murderer is Joseph Ellis, about 21 years old, of Richmond, Va.

Investigation of the murder of Schlansky showed it had been coolly planned and the escape so cunningly carried out as to throw off suspicion temporarily.

After murdering the merchant, the man discarded a collar spotted with blood, walked to a nearby store where he purchased another and then returning to the lobby of the hotel wherein his victim lay dead, remained for an hour or more. Late in the afternoon the slayer returned to his room, and then going to the Union depot secured his suit case from the check room and is believed to have caught an east-bound train.

The police allege that they have gathered evidence showing that Ellis, who also is known as 'Brokaw' and Robert Duncan, committed similar crimes in Louisville last week and left there Saturday for Indianapolis. Previous to the Louisville robberies the man is supposed to have attacked clothing merchants in Cleveland, Toledo, Philadelphia and Pittsburgh.

## AUTOS COLLIDE

Two Were Injured in a Head-on Collision in Boston

BOSTON, Sept. 24.—Dr. Otten B. Sanders of 258 Commonwealth avenue, Boston, is on the dangerous list at the Quincy City hospital, and Inspector James O'Donnell sustained severe bruises as a result of a head-on collision between two automobiles yesterday afternoon at the junction of Hancock and Standish avenues, Wollaston.

At the Quincy hospital last night it was believed that Dr. Sanders sustained a fractured skull. O'Donnell was able last night to sit up at his home, 176 Glendale road, Quincy.

The accident occurred about 5 o'clock. Inspector O'Donnell was driving a small car toward Boston following the in-bound car track. The automobile occupied by Dr. Sanders and a chauffeur was approaching on the out-bound track.

Near Standish street O'Donnell steered his car to the left to avoid a team ahead of him on the track. A crash followed and O'Donnell's car was reduced to a mass of broken wood and twisted iron.

Neither victim had any warning. The team which O'Donnell endeavored to avoid shut each from view of the other. The big Sanders car crumpled the smaller one and O'Donnell missed death by a hair's breadth.

### EXECUTIVE OFFICE

State Savings Bank Building, Butte, Mont.

The BOSTON AND MONTANA DEVELOPMENT COMPANY, authorized capital \$3,000,000 shares, par value \$5.00 each, is a consolidation of large copper mining properties in the famous French Gulch District, Deer Lodge County, and the Elkhorn District in Beaverhead County, Montana. The company has taken over all the developed and known valuable claims in these districts, and to insure the permanent and economic development of which it will build a standard gauge steam railroad, to be known as the BUTTE, WISDOM AND PACIFIC RAILWAY, running up the Big Hole river to Kalston, Wisdom and Jackson, with branch lines extending to the French Gulch Mines and up the Wiese river to the Elkhorn Mining District. In addition to furnishing transportation for the great quantities of copper-bearing ore from the French Gulch and Elkhorn Districts, this road will furnish transportation facilities to the entire territory known as the Big Hole Basin, the richest and most extensive agricultural, timber and mining district in the State of Montana, now without the benefit of railroad facilities. The company owns water rights from eight streams in the French Gulch territory, with approximately fifteen miles of ditches and flumes, also large acreage of virgin timber.

### PROPERTIES—OWNED AND CONTROLLED

## CAUSE OF WRECK

Inadequate Signals and Reckless Driving Were Responsible

HARTFORD, Conn., Sept. 24.—Lack of an adequate signal system, the bunching of six trains within a 10-mile stretch of track and reckless driving by the engineers in a fog are given as causes for the collision between the Bar Harbor and the White Mountain expresses on the New York

New Haven & Hartford railroad at North Haven, Sept. 2, resulting in 21 deaths, by the public utilities commission in its report on the accident made public yesterday. Six specific causes are assigned, as follows:

Lack of an adequate signal system; had signal 23 been connected with a distant signal, the engineers of the Bar Harbor second section and the White Mountain express first section, would have been warned of their positions when half a mile or more distant.

Bunching of six passenger trains during a fog (with the signal system then in use) in the 16-mile section between Wallingford and the Air Line junction.

Reckless running in a fog on the part of Engineer Wards of the Bar Harbor express, who passed block signal No. 23 when it indicated stop, and the consequent clearing of signal No. 20 for the first section of train No. 93 following.

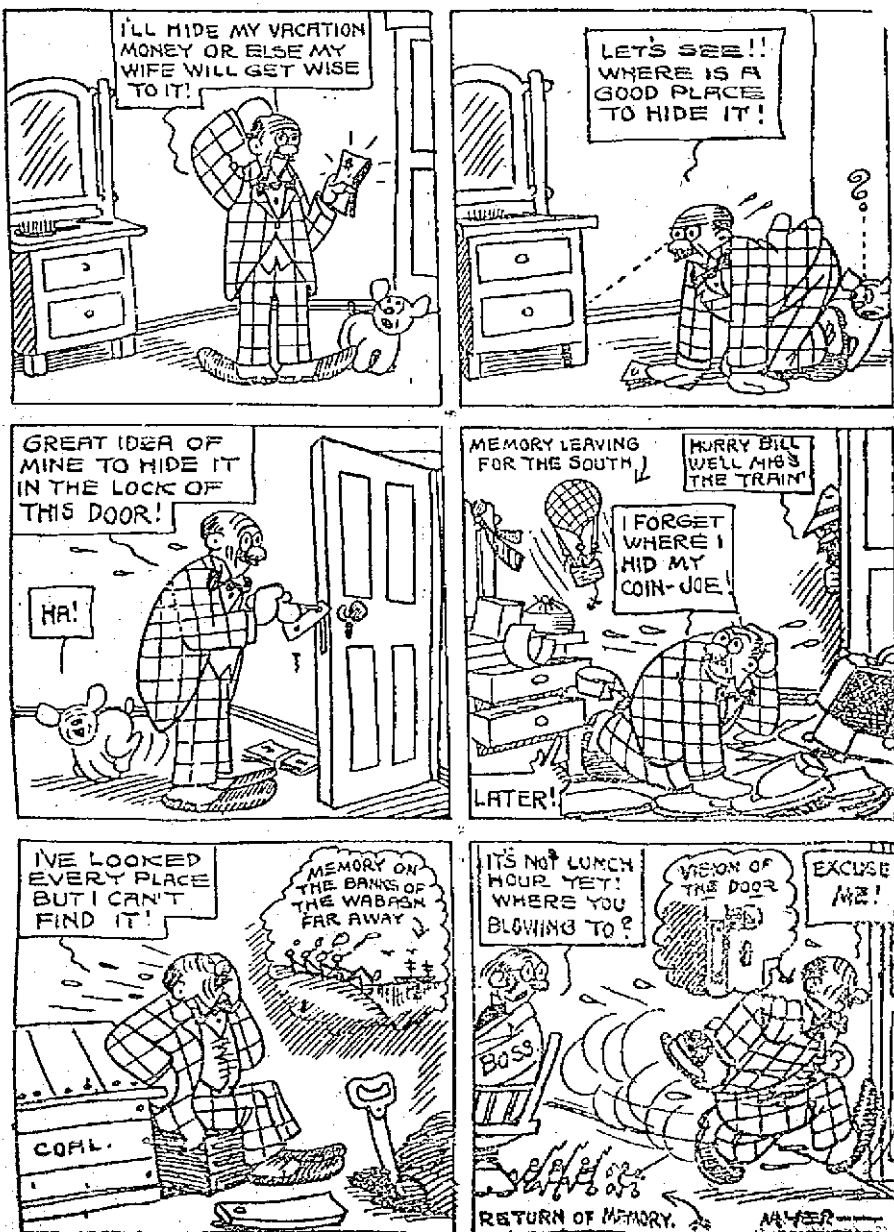

Failure of Flagman Murray of the Bar Harbor express to go back a sufficient distance to offer any protection whatever to his train.

The indifference of Conductor Adams (of the Bar Harbor), who did not show sufficient interest in the safety of his train, knowing that a train was following, to see that his flagman was doing his duty, and for stopping his train and calling in the flagman who otherwise would have been left to flag the White Mountain express.

Engineer Miller's reckless running (of the White Mountain) in a fog and his failure to control his train and be prepared to stop before passing signal No. 33.

Engineer Miller, Flagman Murray and Conductor Adams are at present under bonds, awaiting trial as a result of the finding of Coroner Dix fixing criminal responsibility for the wreck upon them.

## EXCUSE ME

## Your Wardrobe Mr. Man

Just one week to the first of October. Are you prepared for the cold weather?

Better dig up in the attic and see what you need in winter underclothes, heavy stockings, etc., and then let Dickerman & McQuade fix you up pneumonia proof.

And Mrs. Mr. Man—if he doesn't do it it's up to you.

## BROTHERS FINED FOR EVADING CAR FARE

## Hopped Train at Dover—Escaped in Lawrence—Jumped on Again and Were Arrested in Lowell

It took less than thirty minutes to dispose of the offenders who appeared before Judge Enright in police court this morning. Five drunks who were arrested last night and early this morning were released by Probation Officer Slattery and not one appeared in court for indulging too freely in the fire water.

John J. and Albert Rose, brothers, 21 and 23 years of age, were arrested this morning shortly before 1 o'clock by Officer Drowell charged with evading car fare on a Boston and Maine train.

Fred J. Welch was the first to testify and he stated that he is employed by the Boston and Maine railroad on a train that runs from Portland to Worcester. He said the defendants

## BASEBALL FAN Was Interested in Game and Horse Didn't Be- lieve in Signs

"What's the matter with you?" queried Lieut. Martin Connors of a teamster whose wagon collided with the "Keep to the right and go slow" sign at Merrimack square, yesterday afternoon.

"I was interested in the reports of the Lowell-Hartford baseball game," replied the teamster and they are coming in so fast from The Sun megaphone, that in order to get everything, I can not drive my horse."

"You had better wait till tomorrow and see the local game," continued the officer, "and watch where your horse is going. If you keep on that way you will kill someone before the day is over."

With Lowell having won three, and Hartford but one of the four games played thus far, the pennant winners in the New England League and Eastern Association met this afternoon on the Spaulding park diamond in the fifth contest of the big championship series. There was a striking contrast in the incentives which urged each team on to its supreme effort. The Grays battled with the spirit of confidence inspired by their three successive wins and their consequent lead over their opponents; the representatives of the Connecticut city strove for victory as only a team will when urged on by the realization that it is the last stand. With the remembrance of the quartet of hard fought and exciting contests already played, with today's game deciding the fate of Hartford, and with the weather conditions ideal for the occasion, everyone looked for a battle royal this afternoon.

The players received no percentage of the receipts of today's game. It was quite evident that they were anxious to finish things up with a fourth consecutive win, and with visions of home-ward bound trains, and of further engagements with semi-professional teams in other sections, they went in today with a determination that was apparent.

At 2:15 o'clock both bleachers were filled with excited fans and the grand stand was fast being filled up. Today's game brought quite a number of Hartford rooters to Lowell and they were in evidence in the forward portion of the left section of the stand. The great crowds of local followers boarded the special cars in the square long before two o'clock so as to be sure of a seat in the bleachers. Every indication pointed to an exceedingly large attendance.

Manager McDonald in conversation with the sporting writer of The Sun, informed the latter that he was confident of being returned the victor this afternoon. "You folks have never seen our boys fighting in a ditch," he said, insinuating that the last stand of the Hartford Warriors is bound to be a surprisingly strong one. The Lowell players were under the direction of Captain Aubrey.

Henderson stepped upon the pitcher's mound for the home outfit at the opening of the contest, with Thomas receiving him. The opposing pitcher was being returned the victor this afternoon. "You folks have never seen our boys fighting in a ditch," he said, insinuating that the last stand of the Hartford Warriors is bound to be a surprisingly strong one. The Lowell players were under the direction of Captain Aubrey.

As a starter for the second inning, Halstead made a beautiful stop of a drive by Hoy and reached the bag ahead of the runner. Kelliher struck out, and Gardella stroled to first on four balls. Muldoon, however, closed with a high one to Dee.

The first hit of the game came in Lowell's half of the second inning, when Magee slammed the ball through the pitcher's box into short center field for a single. Not satisfied with the first sack, Magee stole second and traveled along to third when Halstead hit in front of the plate and was thrown out at first by Muldoon. With Magee waiting expectantly at the third station, DeGroot fanned. Aubrey could do no better and he, too, was called out on strikes.

Score: Hartford 0, Lowell 0.

The third inning brought joy to Hartford in the form of a quartet of runs. Reiger was the first to face Henderson and the Lowell pitcher passed him to first. Salmon attempted to sacrifice and was safe at first on Henderson's poor throw to Halstead, while Reiger advanced to second on the play. Curry layed down a bunt to Dee and knipped the ball from Halstead's hands on "going to first." The play was allowed and Reiger went home for the first score. Curry safe at first and Salmon at third. Hoffman hit the ball in front of the plate and Salmon was easy for Thomas who dished the ball himself. Curry went to second, Hoffman was safe at first and Curry and Hoffman executed a double steal at this point. Curry running to third while Hoffman scooted to second. Kauff singled through the box and both Curry and Hoffman scored. Kauff stole second. Miller went into short right and collected Hoy's pop fly. Kauff brought in another score for the visitors when Kelliher singled to center field. The runner advanced to second when the ball went through Clemens. Henderson was here taken out of the box and replaced by Finerman. There was a prolonged argument among the members of the home infield when Henderson was removed. Gardella was put away by Dee to Halstead on a grounder to the first.

In Lowell's half of the third session, Dee singled through the shortstop, and Finerman foul-flied to Muldoon. Clemens was fanned and the inning was closed when Kauff made a spectacular catch of a Texas leaguer off Miller's club.

Score: Hartford 1, Lowell 0.

Muldoon grounded to Finerman at the beginning of the fourth act and the Lowell pitcher fourth tossed the ball out to Halstead. Miller pulled Reiger high out of the air near second. Salmon's grounder was a

## DENOUNCES GOVERNOR SULZER AS A GRAFTER

## Atty. Richards, for Prosecution, Says That Executive Was Busier Getting Money Than Votes

ALBANY, N. Y., Sept. 24.—The crucial point in the preliminary work of the Sulzer impeachment trial was reached today. On the decision of the court on the legal objections now before it, that of permitting the articles of impeachment relating to the governor's money deals to enter into the testimony, depended the whole future of the prosecution.

Without these articles of impeachment, the first, the second and the sixth, it was realized that the case of the prosecution would be weakened immeasurably. Such a condition was not calculated to cause the assembly managers to abandon the prosecution, but was to prompt them to use every effort to obtain the passage of additional charges by the assembly to brace up their case.

The ruling of the court on the disputed articles was expected some time today. By tomorrow at the latest the first witness should be heard.

Important Articles

Here are the articles on which a decision was to be given today and which are so vital to the case:

## PARK MEN CUTTING OFF DEAD LIMBS

## Department Busy on Trees That Are Dangerous—Lawrence St. Bridge Work is Progressing

The employees of the park department known as the tree gang, are very busy in trimming dangerous trees about the city, and the biggest job is that of cutting off dead limbs on the large tree at the corner of John and Merrimack streets.

Last Monday during a heavy shower a woman had a very narrow escape from serious injury when a large limb on this particular tree snapped and fell to the sidewalk with a crash. The woman was going along unconcerned, holding an umbrella over her head, and did not see the large piece of wood when it loosened. She had barely passed under the tree when the limb fell to the ground.

Other large trees in the Centralville, Pawtucketville and Belvidere districts will also be taken down in a short time.

The park department has just received 13,000 tulip bulbs from Germany and the same will be placed in the ground some time next month. A large number will be placed in Lucy Larcom park together with handsome new shrubs and young green trees. Some of the tulip bulbs will be placed at Fort Hill park, around city hall and small parks of the city. The old tulip bulbs which were taken out last spring have been assorted and last will be given to orphanages and parochial schools, while the majority of them were turned over to Miss Lee, supervisor of primary schools, who will make good use of them.

Mr. Kiernan was appointed on the reception committee of the Good Roads congress, which will be held at Detroit in the latter part of this month. At this congress engineers and road contractors will meet and discuss the best methods of performing their work. Mr. Kiernan has not made up his mind as to whether he will attend this congress, which is an annual affair.

Agent Foye of the supply department has purchased an automobile for the school department as voted at a recent meeting of the school board. The machine is a Ford runabout and was bought from the Lowell Motor Car Co. at a cost of \$500, F. O. B. factory. It will be utilized by the department for delivering supplies to the various schools of the city.

It will be remembered that when it was voted by the school board to purchase an automobile for the department, it was specified in the motion that the cost was not to exceed \$500, and this brought forth a little controversy among certain members, who favored increasing the cost to \$900 so as to give other automobile dealers a chance to bid, but the purchasing

bat. He responded with a sharp single to short right field. Clemens struck while Maybom waited at first for further advancement. Miller sent a fly to Hoffman in deep left, and Maybom still was held at first. Hoffman did well to get under the ball from Miller's stick. Henderson was banished from the grounds by the umpire for knocking from the Lowell bench. Thomas knocked a hit between Hoy and Reiger in short left, center and Maybom went along to second. Magee flied out to Kauff in right center.

Score: Hartford 4, Lowell 3.

Clemens went out into deep center and collected a long drive from Kauff's war club. Hoy was the second victim and he grounded out. Miller to Halstead on a fast bit play. Kelliher hit out three long fouls, two of them over the right field fence and finally was passed to first. Gardella grounded to Dee who threw the ball wide to Halstead and Gardella was safe. Kelliher tried to score on the play, but Halstead's sharp throw to Thomas got him at the plate.

Halstead opened the Lowell half of the eighth by striking out. DeGroot repeated this performance. Aubrey grounded to Gardella, whose throw to first was effective.

Score: Hartford 4, Lowell 3.

Dee put up a fly which Reiger fumbled and Dee continued to second on the error.

Maybom struck out.

Clemens flied out to Hoffman in short left.

Salmon passed Miller on four consecutive balls.

Thomas grounded to Salmon and was put away at first.

## Telegraphic Brevities

BIDDEFORD, Me., Sept. 24.—Announcement that a settlement satisfactory to both sides had been agreed upon was made today during the trial in the supreme court civil suit of Joseph G. Thorp of Cambridge, Mass., against Ralph Bartlett, a Boston attorney, and Mrs. Amelia Shapleigh of Lebanon, Maine, executors under the will of the late Ole Bull, the famous Norwegian violinist.

BOSTON, Sept. 24.—The information that just before retiring from the presidency of the New Haven road Chas. S. Mellon was paid \$60,000 by the Boston and Maine road for his services for three years as president of that road, not having received a regular salary, was given today in the testimony of William J. Hobbs, the financial vice-president of the Boston and Maine road, before Inter-State Commerce Commissioner Charles A. Fouty on the proposed increase of the Boston and Maine freight rates.

BOSTON, Sept. 24.—A pardon for John Wainwright, serving a life sentence for murder in the second degree, was recommended in the governor's council today. Final action was deferred till the return of Gov. Foss to the state house.

## CO. M SECOND

Lowell Rifle Team Was  
Defeated by Co. L of  
Natick

L company's team was the state trophy in the annual rifle competition of the Ninth Infantry, held on the Bay State rifle range at Wakefield yesterday, with a score of 558 points, having as its nearest competitor the team of M company, of Lowell, with a record of 527. While the scores made by the regiment were not as high as might have been wished, Col. Logan was immensely pleased at the average improvement shown in the shooting over former years. There were many excellent individual records, and at the close of the match the winners were presented by the colonel with a number of valuable prizes.

These officers were on duty at the range during the day: Col. E. L. Logan, Lieut. Col. John H. Dunn, Captain Henry D. Crowley, adjutant; Captain William R. Murphy, Major G. F. H. Murray, William J. Casey, Frank L. Donovan, P. F. Butler, Chaplain Michael J. O'Connor, Captains J. P. Kane, H. J. Maguire, Lieut. Edward D. Hurley, George W. Nee, J. W. Mahoney, William L. Brogan.

## TOKEN OF APPRECIATION

## FORMER SUPT. BLAKE OF THE TREMONT &amp; SUFFOLK MILLS SURPRISED BY FORMER EMPLOYEES

A committee representing the former associates of Mr. Charles R. Blake, at the Tremont & Suffolk mills, agreeably surprised Mr. and Mrs. Blake at their home, 28 Butterfield street last evening, when they presented a beautiful solid gold watch to Mr. Blake and a large bouquet of American Beauty roses to Mrs. Blake. The spokesman of the committee said in presenting the gifts that they were meant to represent the high esteem and strong friendship of all for Mr. Blake, and that the committee was instructed to convey the best wishes of all for many prosperous and happy years for himself and Mrs. Blake. Mr. Blake responded with heartfelt expressions of his appreciation of the guarantee of good will, and Mrs. Blake added that she was most happy to have been remembered in so delightful a manner, and gracefully expressed her gratitude to the members of the committee for their share in the demonstration.

## G.O.P. IN SESSION

Recommend Change in  
Method of Nominating  
Candidates

NEW YORK, Sept. 24.—The republican state convention last night recommended a special national convention to change the method of nominating candidates for president. The plan proposed would reduce the number of national delegates allowed the democratic states of the south and attain the end sought by the followers of Theodore Roosevelt at the Chicago convention.

The convention was called to name candidates for chief justice and associate judge of the state court of appeals and it performed this duty by nominating respectively William E. Warner of Rochester, now an associate judge by election, and Frank H. Hisecock of Syracuse, a supreme court justice who is serving on the court of appeals bench by gubernatorial designation.

The interest of the delegates was roused chiefly by questions of party policy toward national issues and toward the progressive party. The platform and the speeches all expressed toward the progressive an attitude of conciliation. The platform made no reference to Col. Roosevelt, although it denounced the doctrine of the recall of judges and judicial decisions.

A significant incident was the enthusiasm brought out by the appearance of District Attorney Charles S. Whitman of New York, who was greeted with cries of "our next governor." The platform opposed the democratic currency bill and prophesied that the tariff bill would not bring the relief promised by its introducers.

## HOMES WE LIVE IN PUBLIC MARKETS

What Right Has Fashion  
to Cast Out Cheer and  
Comfort?

A man who has just built a house in Cincinnati, expending the greater part of his life's savings thereon, makes the doleful assertion that it will take him years to develop a home-like, contented feeling in his new quarters, and that never does he expect to feel as cozy and as comfortable as he used to feel in the humbler quarters now abandoned.

"I have allowed architect and builder to dominate in everything and as a result I now have a home which is strictly in the fashion, but as cold and formal as an Italian hedge. I want to warn other men who may contemplate building that they will rue it if they allow the habit of following the latest styles to overcome their better judgment."

This man was a great lover of that first-aid-to-comfort known as a big front porch. But the architect declared "they are not building them now. You can not have it." So the new house has a little handbox entrance, very stylish, very cute and very uncomfortable. This man also wanted rafted ceilings, broken wall spaces, old fashioned hearths and so on. But he was again overruled. "Rafted ceilings are out of style. You must have the new style hearth, or better still, none at all." And so it went. The house owner, the man who paid the bills, feeling his cherished hopes go down on by one under the inexorable demands of Dame Fashion. He has muffled and arising in his wrath, warns his brothers to stand fast, and so far as house building goes, to get what they want, rather than what the architect orders.

This man is a purely normal human being, a lover of a home, a lover of real things, but not of slouchy negliges. The decrees of style have robbed him of the keen pleasure he anticipated while wandering through his new home and feeling the glow of satisfied ownership.

There are probably many men in the same boat and also numerous women, although the latter are more easily reconciled to discomfort if their discomfort is the price of current fashion. But in setting arbitrary styles in house building, Dame Fashion is going too far. She is undermining, maybe, the traditional homely feeling which has been a characteristic of the American race. Men and women used to enjoy "staying home" evenings because home was a cheerful, cozy, tempting place. The timbered ceiling, the old-fashioned fireplace, the big front porch, the den and the informality of the library, all aided in preserving this priceless feeling. What right has fashion to put the ban on these features? Who gave her the right? Is it not about time that the poor downtrodden male exclaims, "go on with your slashed skirts and your freak hats if you want to, but keep your infernal hands off the house in which I've got to live and be happy?"—Cincinnati Times-Star.

MET LAST NIGHT AND TRANS-  
ACTED CONSIDERABLE BUSI-  
NESS

The license board held an interesting meeting last night in the course of which a hearing was granted Stanislaus Agencien, relative to a petition to transfer his pool room from 52 East Merrimack street to 127 Fayette street. A number of residents of Fayette street appeared as remonstrants and objected to the proposed location on the ground that it would prove a nuisance to the children of the vicinity.

After hearing what the remonstrants had to say, the board voted Agencien leave to withdraw.

The following licenses were granted: Billiards and pool, Joe Klein, 712 Gorham street; Hawker and peddler of wood, Robert Christie, 312 Brooks street; Express, Arthur F. King, 34 D street; Common victualler, Ahmad Hussain, 375 Central street; Polygons Georgeopoulos, 365 Market street; Lampros Vinos, 418 Suffolk street; Louis Caragialis, 34 Jefferson street; Makos Kolokouris, 612 Market street; Adam Hussain, 383 Central street. To sell ice cream, confectionery, soda water and fruit on the Lord's Day, Sethik Deporian, 431 Central street. Public amusement hall for dancing, Owen M. Donohoe, 50 Linden street (Lincoln hall); W. S. Cross, treasurer, Riverside Building Co., 261 Bridge street (L. O. O. F. hall).

A liquor driver's permit was granted Harry Elacopoulos, for John J. Gallagher, 401-403 Broadway.

The following licenses were surrendered or cancelled: To sell ice cream, confectionery, soda water and fruit on the Lord's Day, Bagdasarian, 431 Central street; common victualler, Louis Casagialis, 418 Suffolk street; pool and billiards, Antonio Homen, 121 Gorham street.

**PROMINENT FINANCIER DEAD**  
BOSTON, Sept. 24.—Francis Bartlett of 126 Beacon street, who until his retirement from active business a few years ago was a prominent financier and lawyer, died yesterday afternoon about 4 o'clock at his summer home in Beverly Farms. Mr. Bartlett was in his 75th year, and death was due to old age.

Los Angeles Council is  
Unable to Supply the  
Demand for Them

The following, relative to the demand for public markets in Los Angeles, Cal., is from the Municipal Journal:

The demand of the people for public markets is exceeding the ability of the council to equip the necessary institutions. The ninth and tenth markets have just been opened and there are petitions on file for twenty more. The ninth market is located at Central avenue and Jefferson street and the tenth at Vermont avenue and Forty-eighth street. Frank R. O'Brien, superintendent of markets, is not surprised at many demands for additional markets because the ones already established all do a flourishing business and housewives come from near and far to the produce and table delicacies. The curb markets reduce the high cost of living to a great extent. Mr. O'Brien has received many letters from persons who have been benefited by the markets and he has been told personally by many others that the markets have reduced their vegetable bills from 50 to 75 per cent. The markets have been patronized on Saturdays by 15,000 persons, and on Tuesdays and Thursdays by almost as many. When the first three markets were opened vegetables alone were sold. Now one can also buy eggs, butter, fresh fish and fruits, poultry, meats, etc. The market committee of the city council and Mr. O'Brien is kept busy inspecting the markets Tuesdays, Thursdays and Saturdays and looking into new sites and investigating petitions on other days. The markets are self-supporting and the revenue to the city is greater in proportion to the number of markets. The peddlers pay 15 cents for stall space on Tuesdays and Thursdays and 25 cents on Saturdays. Therefore, the larger the crowds and the greater the number of hawksters, the greater the revenue to the city.

## MGR. M'QUAID'S WILL

FILED IN SUFFOLK PROBATE  
COURT—TWO PUBLIC REQUESTS  
—RELATIVES GET RESIDUE

BOSTON, Sept. 24.—The will of the late Monsignor William P. McQuaid, pastor at St. James church, was filed in the Suffolk probate court yesterday. There are two public bequests, each of \$500, one to St. John's seminary, Brighton, and the other to the Home for Destitute Catholic Children.

There are several bequests to his relatives of a personal and private nature and the testator designates that the oil paintings of the former pastors of St. James' church, with furniture in the rectory of the church at 9 Whitmore street, is to be given to St. James parish.

The residue of the estate is to be equally divided among his three brothers, Samuel of Springfield, James A. of Clinton and John McQuaid of Philadelphia, and his sister, Mrs. Mary E. Love, of Webster.

## LOSSES AT SALISBURY

LIST OF INSURANCE ON PROPER-  
TIES DESTROYED BY RECENT  
CONFLAGRATION

A recognized authority on insurance gives some interesting points in connection with the insurance carried on some of the more valuable buildings destroyed by the recent fire at Salisbury beach and Newburyport. Here's what Mr. Good Authority says:

"Over 100 buildings were destroyed by the fire at Salisbury beach with a property loss of more than \$150,000 and an insurance loss of about \$100,000. A partial list of the insurance loss of about \$100,000. A partial list on the properties that carried it is as follows:

"On Hotel Cushing, reported total loss, \$3500. Ins. Co. N. A. \$1500, Scottish U. and N. \$2000. Continental \$2500. National Conn. \$2000. Connecticut \$1500. Commercial Union, Eng. \$2500. Reliance \$1500. Mass. F. and M. \$1500. New Hampshire \$1500. Fire Association \$1200. Making a total \$21,500. Atlantic house reported total loss, insurance \$4050.

"At the Newburyport fire on Tuesday the following losses are reported by the insurance companies:

"Orpheum theatre, \$4000. Contents \$1500. Stock owned by Dudge Bros. located in theatre building \$1000."

## NO TARIFF WAR

Simmons Sees No Reason  
Why the Nations  
Should Retaliate

WASHINGTON, Sept. 24.—Chairman Simmons of the joint congressional tariff conference committee informed officials of the state department yesterday that he did not believe it necessary to supplement the tariff bill with any resolution designed to continue existing trade relations with foreign countries.

The point raised by Secretary Bryan and which has given state department officials concern was the subject of a further conference yesterday between Senator Simmons and Robert P. Rose, a foreign trade adviser of the department.

"I do not believe there is any danger of foreign countries imposing tariff penalties against the United States, or any reason for such action," said Senator Simmons last night. "The new tariff will offer the minimum rate of the United States to all countries and I can see no just reason for any country taking action to disturb existing conditions or to withdraw favored nation treatment from the United States."

The conference yesterday completed most of the administrative sections of the tariff bill, but left open a number of important items that will be disposed of today.

BOSTON, Sept. 24.—Lieut.-Gov. David I. Walsh, Congressman Augustus P. Gardner and Charles E. Bird will lead the democratic, republican and progressive tickets respectively, in the fall campaign as the result of the primaries yesterday.

Lieut.-Gov. Walsh and Mr. Bird were nominated without opposition and Congressman Gardner won after a lively

contest with Col. Everett C. Benton, who was defeated for the nomination last year by Joseph Walker.

There was a contest for the second place on the democratic ticket in which Edward P. Barry defeated Richard H. Long by a small margin.

The final returns came in today from the cities and towns of Massachusetts which balloted in yesterday's primaries for governor, lieutenant-governor and other elective offices of the state. It was shown that the positions of the leading candidates of the early returns had changed, but little.

One of the most prominent features of the balloting was the light vote cast by the progressives. Today the friends of Augustus P. Gardner are jubilant over his victory and are sanguine of his election.

The completed results of the balloting in the Gardner-Benton gubernatorial and the Barry-Long lieutenant-governorship contests follows:

**THE VOTE IN BOSTON**  
BOSTON, Sept. 24.—Lieut. Gov. Walsh, who was unopposed got practically every democratic vote cast.

Everett C. Benton, who was defeated for the nomination last year by Joseph Walker, over Augustus P. Gardner by a majority of 157 votes at yesterday's state primaries in the republican contest for gubernatorial nomination.

Benton, supported by the republican city machine, carried 19 of the 26 wards in the city by a small margin in each. His total vote was 14,222, against 4630 for Gardner.

Interest throughout the city was centered in the fight between Edward P. Barry of South Boston and Richard H. Long for the democratic nomination for lieutenant governor. Barry swept Boston over Long by a majority of 429 votes, even though some of the machine democratic leaders, including Martin Lomasney of ward 5, delivered their vote to Long. Barry's vote in Boston was 14,431 against 14,222 for Long.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make it Soft, Fluffy and Luxuriant

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yet, really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair.

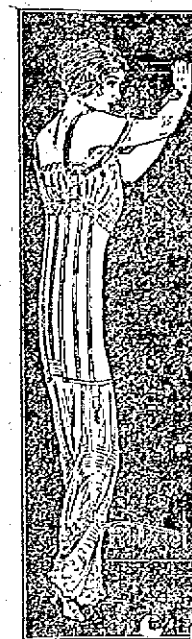

Get a 25 cent bottle of Knott's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

The Mardi Gras ball which was to have taken place Monday evening at Stanley's on the Merrimack was postponed until tomorrow evening.

McLane's total vote in Boston was 21,457 against 10,640 for Coakley.

Between Charles L. Burrill of ward 11, and Maurice Kane of Whitman for the republican nomination for state treasurer, Burrill swept Boston by more than three to one, even though President Herman Hornell of the republican city machine and many of his followers fought Burrill. Burrill got 634 votes in Boston against 217 for Kane.

Pelletier Easy Winner  
District Attorney Joseph C. Pelletier, who was re-nominated by both the democrats and republicans, had an opponent for the democratic nomination—Timothy W. Coakley. Pelletier won out by two to one, despite the fact that he did not take the stump during the campaign, while Coakley was out campaigning day and night. Pelletier's

Mansfield and Joseph P. St. Coeur for the democratic nomination for state treasurer was one-sided throughout. Mansfield got 23,155 votes, against 6352 for St. Coeur.

# MAINE TRADE BOARD MET

## Pres. Boothby Says Nothing Tends so Much to Help a State as Character of Transportation

WATERVILLE, Me., Sept. 24.—"Nothing tends so much to help a state as the character of its transportation facilities," said Col. Frederick Boothby of Portland in discussing transportation in his opening address as president at the 25th annual meeting of the State board of trade today. Colonel Boothby was for many years general passenger and ticket agent of the Maine Central railroad.

"Just now I am pleased to say there is a let-up in the muck-raking of the New England railroads," he continued. "Though this has not existed to any great extent here in Maine, so far as the operation of trains is concerned Maine roads have received the commendation of the interstate commerce commission. It is not the scope of my office to criticize in any way the financial policy of any of the railroads in New England but I cannot refrain from telling you that so far as the interests of the state of Maine are concerned they have been furthered by the efforts of the so-called New England lines as much as by any put forth by all the different lines in recent years."

**State Highway Commission**

An unmistakable warning that the new state highway commission will not tolerate political preference in its appointments and work throughout the state was sounded by Lyman H. Nelson of Portland, chairman of the commission, in an address on "The State highway commission and what it is doing for Maine." Mr. Nelson declared that the members of the commission was unanimous in its decision to appoint only the best men obtainable for the positions to be filled regardless of their political belief. He also gave notice that the work to be done on the highways of the state will be in localities where it is most needed and not in places where it is desired by people with a political pull.

One of the suggestions he made was that the principal trunk lines be given names, as is done in some other sections of the country. He suggested "Atlantic boulevard" for the Kittery to Portland route, "Casco Bay drive" for the Portland and Brunswick highway and "Kennebec boulevard" for the river road between Augusta and Waterville.

# WARNED OF FORGERIES

## U. S. EXPRESS CO. SAYS THE CHECKS ARE BEING COUNTERFEITED

NEW YORK, Sept. 24.—Twenty thousand banks in every section of the world have been notified by the United States Express company, that a band of international bank syndicates have counterfeited the company's \$50 travelers' checks and are passing them wholesale in Europe. Twenty-four of the counterfeit checks, issued and uttered within a week and cashed at Carlsbad, Lugano and Nice, have been received by the company here.

These checks, representing one week's operations, are dated Aug. 22 to 29, and were cashed by two men who signed the checks, Robert T. MacDonald and William T. Riley. A cablegram, received yesterday by J. S. Bigger, superintendent of the company's foreign department, from the Wiener Bankverein at Vienna, describes one of the men—which one, however, is not made clear—as an elderly American, smooth-shaven, of slight figure, and flat nosed. The Carlsbad branch of the Wiener Bankverein cashed several of the spurious checks.

Checks that may have been issued since Aug. 29 have not yet been received here, and the amount involved in the operations subsequent to that date is therefore conjectural. The company does a business of several millions of dollars a year in travelers' checks, issuing them in denominations of \$10, \$20, \$50 and \$100.

The counterfeit checks are all of the \$50 denomination and of the 1907 series. The counterfeiters are easy of detection, inasmuch as they do not have the words "United States Express watermarked on the paper, as do the genuine, and there are other defects in reproduction. Among these are the "e" in the figures "50" and a reduction in size of the various foreign money equivalents engraved on the genuine checks. The ink used on the counterfeit is pale; that on the genuine distinct and strong.

During sleep the necessary body-repairs are carried on in the "human workshop."

Anything that prevents sound sleep at the proper time (at night) will sooner or later prevent "smooth running" during the day.

That "drowsy feeling" in the forenoon (when everyone should feel bright and fit) is often caused by want of sound, refreshing sleep the night before.

Very often the habitual use of coffee is back of sleepless nights.

# POSTUM

It contains the vital phosphates from wheat required by Nature for rebuilding the tissue cells in muscle, brain and nerves.

It is pure and free from the insomnia-producing drug, caffeine, found in coffee.

Postum comes in two forms:

Regular Postum—must be well boiled.

Instant Postum is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with the addition of cream and sugar, makes a delicious beverage instantly.

## Death of Prince Ros-pigliosi Bars Marriage Sanction

ROME, Sept. 24.—Prince Joseph Bonaparte died in the full knowledge that the Vatican had refused to sanction his union with the Princess Rospiigliosi, formerly Mrs. E. H. Parkhurst of Bangor, Maine.

Although the couple were wedded by a civil tribunal, the church has repudiated the union, and the princess, with their two children, is barred from the recognized title of her husband's household.

## GEN. BARTLETT BETTER

PHYSICIAN LAYS BOSTON ATTORNEY'S SUDDEN ILLNESS TO ATTACK OF INDIGESTION

BOSTON, Sept. 24.—Friends of Gen. Charles W. Bartlett of Newton, the Boston attorney, were greatly relieved last night to learn that he had so far recovered from the indisposition which attacked him at the court house at East Cambridge yesterday that he had been taken to his home by his physician, Dr. Frank Higgins of Cambridge, and was reported as doing well.

Within a week, Dr. Higgins declared last night, he hopes to see Gen. Bartlett out again. His patient felt so well when he had been removed from the Hotel Puritan to his home that he was taken to his home by his physician, Dr. Frank Higgins of Cambridge, and was reported as doing well.

Gen. Bartlett suddenly leaned against the wall of the court house corridor, weak from what appeared to be a shock. Clerk Dillingham escorted him to the first steps, where he telephoned to the general's Boston office. His son, Joseph Bartlett, and Dr. John Buffum, arrived and medicine was administered, after which he was removed to the Puritan.

Dr. Higgins said last night that Gen. Bartlett was suffering from indigestion, but insisted that he had not had a shock as reported.

Mr. Bartlett was later removed to the Hotel Puritan, where his son talked with the reporters by telephone. He stated that his father was not in as bad condition as was at first supposed.

## DEATH OF "BIG TIM"

Reports That Congressman Had Met Foul Play at Hands of Thugs Being Investigated

NEW YORK, Sept. 24.—Tranquillity which reached the body of "Big Tim" Sullivan a few minutes after the train passed over the congressman, found it with only a small dose of blood, according to testimony understood to have been given yesterday before Assistant District Attorney Grozier. Reports that the congressman's death was not accidental and that he had met foul play at the hands of thugs who placed his body on the rails to hide their crime, led to the investigation.

## QUICKLY STOPS THE WORST BACKACHE

Croxone Makes Kidney Troubles, Bladder Disorders, Rheumatic Pains Vanish

If you suffer with backaching kidney trouble, have disagreeable bladder and urinary disorders, or are tormented with rheumatism, stiff joints, and its heart-wrenching pains, you will be surprised how quickly and surely Croxone will relieve all such troubles.

It soaks right in through the walls, membranes and linings, neutralizes, dissolves and makes the kidneys sit out and filter away the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, it is practically impossible to take Croxone without results. It starts to work the minute you take it and is guaranteed to relieve you the first time you use it, or cost you nothing.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder trouble, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run down, or bothered with urinary troubles, Croxone really will relieve your misery and do it quickly. An original package costs but a trifle, and all druggists are authorized to return the package if it fails in a single case.

# NEW PASTOR ARRIVES IN LOWELL

## Rev. J. B. Labossiere Takes up Duties at St. Louis' Church

Rev. Jean Baptiste Labossiere, former pastor of Sacre-Coeur parish, Amesbury, and who was recently appointed pastor of St. Louis' church, this city, to succeed the late Rev. J. N. Jacques, arrived in Lowell last night and assumed his new duties at once.

The reverend gentleman arrived in Lowell at 5 o'clock in his automobile, and in the evening a brief reception was held at the rectory for the new pastor, as well known in Lowell and held in high esteem by all who had the good fortune of meeting him on previous occasions. It was he who delivered the eulogy at the funeral service of the late pastor, for he was a close friend to the late Fr. Jacques.

Last Sunday Fr. Labossiere made the announcement in his church in Amesbury to the effect that he had been transferred to a larger field of work, St. Louis' parish, Lowell, and the news of his departure was received with sorrow, for he had been pastor of the Sacre-Coeur church for ten years during which time he made a host of friends both among his flock and people of other church denominations.

Rev. J. B. Labossiere was born at Sorel, Que., March 12, 1854, and received his early education at the Christian Brothers' school in Montreal. He studied theology at St. Mary's Jesuit college, Montreal, where he also served one year as professor. In 1887 he entered St. John's seminary in Brighton and on Sept. 21, 1889, he was ordained to the priesthood by the late Archbishop Williams. Shortly after his ordination the young priest was sent to the Catholic university in Washington for special study for one year, and upon his return he was assigned to the Georgetown parish, where he remained 14 months.

From there he was sent to St. Marie's parish, in Lynn, where he served as a curate for three years. Later he was transferred to Newburyport, where for nine years he fulfilled the duties of assistant pastor. On March 15, 1903, he was transferred to Amesbury, where he organized the Sacre-Coeur parish. The former headquarters of the Veterans Firemen's association, which consisted of a small wooden building, was purchased and worship was immediately started there.

In a very short time, however, this building proved inadequate for the increasing French speaking people of that district and the Free Baptist church was purchased and remodeled at a cost of \$12,000, and an additional house was bought to be used as a rectory. In 1911 a fine brick school was erected at a cost of \$35,000, and the parish is now in a flourishing condition.

Fr. Labossiere is well acquainted with the doings of the St. Louis' parish, for he is a member of the St. Louis' school corporation, under whose direction the beautiful school and sisters home in the parish were built.

The new pastor will introduce himself to his flock at all the masses Sunday morning, and at that time he will make known his future plans.

## DR. CHAS. H. STOWELL ADVISES MOTHERS TO USE COMFORT POWDER

He says "A careful study of the ingredients of Comfort Powder fully convinces me that it possesses antiseptic, soothing and healing properties of the highest value. I have examined it by every method at my command, including a practical test in a number of diseases and unnatural conditions of the skin and in every case it verifies the claims set forth for it."

Unlike ordinary talcum powders, Comfort Powder is skillfully medicated, that's why it is unequalled for all skin affections of infants and adults. Be sure you get the genuine with the signature of Dr. S. Sykes on the box.

## Twenty Remained to be Settled When House and Senate Conferees Reassembled Today

WASHINGTON, Sept. 24.—Twenty sharply contested issues in the tariff bill remained to be settled when the house and senate conferees reassembled this morning for what many believed would be the concluding day of their work.

The policy of the administration toward foreign countries involving the proposed tariff provisions of the bill, the five per cent. discount on goods brought in American ships and the prohibition against goods made by child labor and other similar features were still to be settled. The conferees

also were prepared for a final decision of the perplexing cotton futures tax, question involving the Clark amendment proposing a tax of 50 cents a bale on all cotton in cotton futures where actual delivery was not made. As a compromise southern senators and representatives, supported by the agricultural department and Postmaster General Burleson have proposed a compromise reducing the tax to five cents per bale when the contracts specified government cotton grades and those grades were delivered or the difference in value paid in cash.

### LOCAL PRIMARIES

Continued

to the brim with energy and enthusiasm. William J. Corcoran of Cambridge was also looking for the nomination and his entrance into Lowell was very quiet, a sort of rubber heel entrance, and when the votes were counted early this morning it was discovered that Corcoran had defeated Scharton.

John J. Gilbride gave his opponents and others quite a surprise in the 16th representative district. Gilbride is practically a youngster and he was up against seasoned campaigners in the persons of Eugene Toomey and J. Joseph O'Connor. Gilbride's nomination, however, was conceded a few days ago by the victors in the 16th district. Mr. Gilbride had taken to the stump, he made a most favorable impression as a speaker. He organized his forces in the early part of the campaign and with an enthusiastic band of young voters recruited from the popular South End club, he waged a very telling campaign and the result is a striking tribute to his popularity. For to defeat such men as Representative Toomey, Lawyer O'Connor and ex-Councilman Donahue, was quite a feat. The new representative to be for a nomination in this district is equivalent to an election. It is a registered pharmacist. He resides in Prospect street with his mother.

In the 11th district, ex-Selectman Jas. P. Dunnigan of North Chelmsford was nominated by the democrats and got a flattering vote. This district embraces the old town of North Chelmsford and is a progressive candidate in the field along with the regular republican candidate, Mr.

Dunnigan's chances look awfully good from the road. This is the district from whence Senator Ed. Fisher graduated to the senate.

### Representative Contests

In the 15th district, Fred O. Lewis put it all over the present incumbent, Mr. Craig, and his other opponent, J. C. Tait. Mr. Lewis is the republican nominee and he hasn't any democrat to contend with.

In the 14th district, the nominees are: Democratic John W. Brennan; Republican, Hon. J. H. Hubbard. The vote was as follows: Brennan, 235; Lyons, 116; Crowley, 25; Roman, 54. The individual republican vote was: Chisholm, 143; Hubbard, 233; and Taylor, 214.

In the 13th, where there was a contest between T. F. Sheridan of Billerica and J. R. Higgins of Lowell, the latter "whispered" the vote was: Higgins, 351; Sheridan, 177.

### The Progressive Vote

The progressives did not seem very anxious to prove their voting strength yesterday. There were no contests in the progressive nominations and it was impossible to tell anything about the votes as bearing upon election results.

Judge Beaudreau Nominated. Judge R. H. Beaudreau, of Marlboro, a close friend of Principal Assessor Plopp of this city, was nominated for representative in that city yesterday.

quibbles raised by the respondent have been swept away from this court," began Mr. Richards, "the court now meets this case on its merits so that now the question must be answered: 'Is William Sulzer guilty or not guilty of the offense charged in the articles of impeachment?'

Secret Campaign Account.

After outlining the provisions of the election law relating to the reporting of campaign contributions, the attorney continued:

"With these provisions in force what did William Sulzer do? Five days after he was nominated for governor he made a public announcement that he would have no campaign collectors or financial managers and yet at that moment his private secretary was already running a secret campaign account, and the respondent already had collectors working for him securing the city and state of New York for checks and cash.

"We expect to show that he preferred first currency which has no currency, next, checks to bearer or cash; next, checks to the order of some one other than himself, and if there were impossible he was willing to take checks to his own order.

Preferred Cash.

"I shall prove to the satisfaction of this court instances of his requests that checks should be made to the order of some one other than himself, that he preferred cash to checks and that when some of his collectors came in with checks he asked them in the future to cash the checks and bring the cash.

"He did more than collect and hold these checks. He intended to keep them. He had no intention of retaining the surplus to the contributors, for it will clearly appear that he used and intended to use their contributions to buy stocks and to supply margins for stock speculation.

"It will not be necessary here to reveal all our testimony. Among others, there was an account in the Mutual Life Insurance Co. in the name of his secretary, Louis A. 'Buckshot' there was the personal account of the respondent in the Farmers Loan & Trust Co. there was a speculative account on margins with Harris & Fuller, brokers; there was an account for stock purchases with Doyle, Griswold & Co., brokers; and there was a further account for stock purchases with Fuller & Gray, brokers.

Ways of Getting Money.

"Other ways of getting and disposing of money will appear when our witness are called."

Mr. Richards entered into details of the contributions by checks and in cash to the Sulzer campaign fund, estimating the total at \$40,000 in round figures and then took up and disputed in detail the claims of the respondent that he was again campaigning when these contributions were received. Sulzer's alleged stock deals also were canvassed by the attorney for the impeachment managers and the appearance from his home and office of Frederick L. Corwell, the governor's alleged broker, was connected with communication between Sulzer and Corwell on the second day's hearing before the Francis committee.

"Corrupt Bargaining."

Concerning his alleged "corrupt bargaining" by the governor of the power of his office for votes in favor of measures in which he had a personal political interest, Mr. Richards reviewed the testimony brought out at the Francis committee investigation concerning certain deals alleged to have been conducted by the governor with three assemblymen.

"We shall show," said the attorney in conclusion, "that the respondent continued to speculate in stocks after he became governor and that while so interested he caused to be introduced in the legislature and adopted the adoption of 'legislation affecting the rate of interest on securities on said exchange and we shall leave it to this court to say whether his act as governor in fathering such legislation was not influenced by his personal interest in the fluctuations of securities affected by that very legislation."

Gallant and Phillips Report That They Are in Good Condition for the Fight Friday Night

Many of the members of the Lowell A. C. are picking Joe Phillips to defeat Gilbert Gallant in their bout here on Friday evening and have their faith on the fact that the westerner has met some of the best lightweight in the country and always made a creditable showing. He boxed a draw with Fred McAuley and also held Eddie Murphy to a draw. The latter has beaten Gallant and also Joe Egan and with this does those picking Phillips feel confident that he will come out on the long end. Since meeting Phillips, Gallant, his manager says, has greatly improved and he feels that "GIP" will show his own power new tricks of the game. Gallant has challenged the winner of the

## MR. RILEY SHOULD RESIGN

The results of the primaries so far as the democratic nominations are concerned bring up a situation that makes it imperative for Judge Riley, chairman of the democratic state committee to resign from the chairmanship, so that he will have nothing to do with the direction of the coming campaign. For some weeks past Judge Riley has been going through the state looking for the candidacy of Richard H. Long for lieutenant governor and stating that with Harry and Walsh on the ticket, the party would be defeated in advance.

Mr. Edward P. Barry has been nominated as a rebuke to Judge Riley in attempting to dictate the nomination in advance.

Judge Riley seemed to forget that the primary election law was enacted in order that the voters might be free to make their own selection without dictation from any boss or any machine. The judge started out to offset the spirit of this law and to deprive the people of their freedom of choice in the primaries. He told the voters that Richard H. Long was the choice of Hon. David I. Walsh, Mayor Fitzgerald of Boston, Mayor Barry of Cambridge and particularly of Judge Riley, himself, or in other words, that he was the choice of the Boston machine. Indeed it may be said that Long was selected primarily as a candidate by the head of the state committee and while Hon. David I. Walsh in different parts of the state was asserting that he was taking no part in the contest for lieutenant governor, Judge Riley was publishing advertisements and making addresses to the effect that Long was the personal selection of Mr. Walsh, and stating in effect also that Mr. Walsh could not be elected without Long as running mate on the ticket.

The people have therefore defeated Long and nominated Edward P. Barry simply and solely as a rebuke to Judge Riley. Barry was not known to any great extent throughout the state and he did not make much of a campaign for the nomination. Yet as a result of Judge Riley's unfair and indiscreet methods, the people went to the polls and nominated Barry with a sweeping majority.

Will that satisfy Judge Riley as to the effect of his action in taking sides in primary contests? Will it convince him that unless he wants to defeat Hon. David I. Walsh as well as Richard H. Long and the rest of the candidates he should resign immediately?

Until the custom was introduced by Judge Riley, the democratic state committee usually avoided taking sides with candidates before the primaries in order that it might be able consistently to support the candidates nominated by the people. It is a fatuous policy for the state committee to interfere in ante-primary contests and the result is seen in the present instance in which Judge Riley as chairman of the state committee, and as self-constituted dictator, has discredited in advance the nominee for lieutenant governor. Even the success of the entire ticket is in a measure jeopardized by his attempt to rob the democrats of their right of free selection of candidates.

Judge Riley as chairman of the state committee will have to give way to a man who is more discreet and who will not assume the role of dictator either before or after the primaries. Otherwise he may cause the defeat of Hon. David I. Walsh in the coming campaign.

The republicans have nominated their strongest candidate in Congressman Gardner so that the democratic party may expect an aggressive campaign in his support, one in which the nominee will be backed by the ablest republicans in the state, while they will have ample funds to use in his behalf.

To meet such a vigorous campaign, the democratic state committee will have to show good generalship and it will have to be represented by some leader who has not made himself unpopular and ridiculous by an attempt to force candidates on the voters by methods which the people have already rebuked and resented. The voters have shown that they will take no more dictation from Riley or the Boston machine. The party has a splendid opportunity to elect its candidates if the campaign be properly handled and to that end immediate steps should be taken by the elimination of Riley and the selection of some able, discreet and diplomatic man in his place.

In Hon. David I. Walsh, the democrats have a candidate for governor for whom all can unite and who will be elected unless there is some serious mismanagement of the campaign.

## ERA OF READJUSTMENT

Under the new tariff law there will undoubtedly be considerable changes in different lines of business as the result of the readjustment that must necessarily come about from the change of tariff duties. The business men of the country do not seem to have any fear of the results. Already

a feeling of confidence prevails very largely throughout the country and the prospect at present is that business during the fall and winter will be as good as at any time for the past four years.

This must necessarily follow the curtailment that has been in progress for the past year. There is a scarcity of goods in the market that must be met by manufacturers for there has been no storing of manufactured products.

There must be a change in the relations prices that have prevailed in this country under the high tariff. There will come undoubtedly a reduction that will bring down the high cost of living. This may be followed by slight reduction in wages in some industries, but the amount of wages earned will purchase more of the necessities of life than the rate paid at the present time.

We do not expect that these changes will come for a year or two; but they are expected as a part of the readjustment of values that will come about under the new tariff when the price of meat and other necessities of life will have been reduced. The people will have to accept the new conditions as for the general good which will undoubtedly prove eventually to be the case, inasmuch as the high tariff had run to such an extent that it enabled certain trusts and monopolies to rob the people and to accumulate enormous fortunes which should have been largely distributed among the wage earners in the different industries.

## TO INCREASE OUR INDUSTRIES

One of the easiest and best ways to secure new industries is to build new factories and hold them in readiness for any worthy industry that is seeking a location. It is only the old and long established industries that can afford to build new factories but they seldom move. Most of the industries that seek new locations are in the incipient state and start on a small scale with the prospect of rapid growth under right conditions. It was in this way that some of the greatest industries in the country had their beginning. Lowell should provide buildings suitable for prospective industries, especially shoe shops. Within the past few years the number of shoe shops in this city has been greatly increased and they are all well pleased with the city and the class of help that is available here. The shoe shops pay better wages than the mills and while we wish the mills to prosper, still we must endeavor to get as many other industries as we possibly can secure.

## THE APARTMENT HOUSE

The apartment house is becoming a great feature in some New England cities. When properly conducted it supplies a necessity that is felt by a great many families in every city. It is not an institution to be dreaded as it seems to be by some communities. The respectable apartment house is bound to come and to prosper. In the number of such houses Lowell is behind other cities of like importance in the state and the sooner she wakes up, in this matter, the better for the entire community.

## PROPOSED INCREASE IN RATES

The merchants and manufacturers of Lowell are threatened with an increase of freight rates over the Boston and Maine lines. This railroad, it appears, having been driven to the verge of bankruptcy by mismanagement, is now looking for some method of getting itself out of the hole. It has decided to ask permission to increase its freight rates; but Lowell has always been discriminated against on freight rates. Any addition to the present rates will be burdensome and injurious to Lowell shippers. The Boston and Maine lawyers can put up a good argument but the shippers of Lowell can put up a better one if they employed counsel, which they should have done.

## Hyomei Relieves in Five Minutes

Help Comes Quickly When Hyomei is Used For Coughs, Bronchitis or Cold in the Head

Quick and effective relief comes from the Hyomei treatment for coughs and all troubles of the breathing organs such as stepped up, colds, bronchitis, coughs or that choked up feeling or money refunded by Carter & Sherburne—You breathe it.

Hyomei as sold by druggists everywhere gives a tonic healing effect to the air you breathe, destroys the catarrhal germs, stops the poisonous secretions, soothes the irritated mucous membrane and makes a marked improvement in the general health.

If you suffer from offensive breath, raising of mucus, husky voice, discharge from the nose, drooping in the throat, watery eyes, or any other symptoms of catarrh, use Hyomei at once. It will banish these troubles from the nose, throat and lungs and give quick and permanent relief. The complete outfit, including inhaler and bottle of liquid, costs but a few extra bottles of liquid, if later needed.

## Seen and Heard

When Lord Holland was on his death-bed, his friend, George Selwyn, called to inquire how his lordship was, and left his card. This was taken to Lord Holland, who said: "If Mr. Selwyn calls again, tell him that my room. If I am alive I shall be glad to see him; if I am dead, I am sure that he will be delighted to see me."

"Can you imagine," asked Sir Ernest Shackleton, "the enormous extent of those vast snow fields?" "Yes," replied a Irish member, "I had the same sensation the first time I appeared in public wearing a dress-shirt."—London Opinion.

Representative Robert P. Hill of Illinois is well known for the anecdotes which he inserts into his speeches as parts of the argument, and in the tariff debate recently he drew from his pocket with many a shaft of wit.

In speaking of the republican party, as viewed from the standpoint of an out-and-out republican, Mr. Hill told the following story on the house floor: "Your republican party reminds me of the year of an Irish sculptor who came to this country and found work at his trade. One morning as he went to his job he saw a newly erected monument in a graveyard. Upon viewing it he found it to be the tombstone of Patrick O'Brien of Kilkenny, Ireland, which was the home of the sculptor. Being a fellow countryman he stopped to read the inscription, which was:

"As you are now, so once was I; As I am now you, too, shall be. Prepare thyself to follow me."

All day the sculptor thought over his epitaph and that night as he was on his way home he stopped at the grave and with his hammer and chisel he added these lines to the inscription: "To follow you is not my intent Until I know which way you went."

## THE OLD CREEK

The frogs still cry, "Knee deep! Knee deep!" Among its starlit pools. When dim the woodland dreams asleep. And dusk its waters cool? The fireflies round its banks of ferns Hang with a-wisp for lamps. While a song of joy descends Enchantment's best charms.

The bats above it go and come As freely as the wind. While Willard beats a baggy drum Or crickets addle tunes. And in and out, and all about The little people dance. To katydid song and croak frog song That hold the woods a-trance.

The moon looks, listening, through the trees As if to hear his calls. Or with long arms of light to seize Its twinkling waterfalls. With witchery, who, with foam white hand.

Its shimmering banks between. Beckons from sand to ruffled sand To something far, unseen.

A ghost that looms beside it still— The phantom once its wildwood will. With barefoot troops of joy; The soul of him who years ago, To which, in dusk and dawn, It still it dances with the star.

Which once his boyhood knew. —Madison Caweltz.

## SHOT BY HER FIANCE

GIRL IN CRITICAL CONDITION—YOUNG MAN SAYS HE DIDN'T KNOW GUN WAS LOADED

REDDING, Conn., Sept. 24.—Marguerite Gilbert, 17 years old, daughter of Julius Gilbert, a prominent farmer of the Long Ridge district of the town, was shot and probably mortally wounded yesterday by John Todd, a young neighbor, to whom she is said to have been engaged. Todd declares he pointed a rifle at her as a joke, and pulled a trigger, not knowing that the weapon was loaded.

No action has been taken against Todd by the local authorities as the shooting is regarded as accidental. Miss Gilbert was removed to the Danbury hospital yesterday and in the afternoon it was stated she had a fair chance to recover.

Todd is the son of a wealthy Redding man who is now in Europe.

EFFORT OF MARCHE, A WAITER, DETECTED BEFORE HE COULD ESCAPE

PROVIDENCE, Sept. 24.—Eugene Marche, a dapper rattlestick waiter by day and alleged safe crackman by night, was arraigned in district court yesterday and was held in \$4000 bonds on charges of breaking in the night time. He pleaded not guilty and will have a hearing October 3.

Frank Carney, police headquarters detention officer, found Marche had tried to saw his way to freedom during the night. Marche walked to the cell and finding Marche apparently asleep, he sawed the bars near the floor dropped out of place, leaving an opening through which Marche could have crawled. Marche was taken out of the cell and two fine and very sharp saws were found in his right shoe. The saws were hidden between the layers of the leather sole and had escaped detection when he was first searched. He denied that he had sawed the bar.

## CHILD BROKE OUT ALL OVER BODY

When Two Weeks Old. First Pimples; Then Rash. Began to Break Out. Face, Suffered Terribly. Cuticura Soap and Ointment Cured.

52 Elm St., St. Albans, Vt.—"My baby was only two weeks old when she began to break out all over her body first with pimples, then they would spread into a rash which would take the skin all off. I used home treatment but she steadily grew worse. By that time her body was completely covered with sores, even to her feet, and it was beginning to break out on her face. She had come nothing but a raw sore all over her little body and suffered terribly."

"So in despair I wrote for a sample of Cuticura Soap and Ointment and from the first it began to get better rapidly. I then bought but one cake of Cuticura Soap and one box of Cuticura Ointment. In a few days I noted a great change for the better and in a month's time she was completely cured." (Signed) Mrs. W. B. Drea, Nov. 5, 1912.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczema and other distressing eruptions of skin and scalp, but no other emollients do so much for pimples, blackheads, red, rough skin, itching, scaly scalp, dandruff, dry, thin and falling hair, chapped hands and chancous sores, nor do it so economically. Sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

For men who shave and shampoos with Cuticura Soap will find it best for skin and scalp.

MAN TOOK REFUGE FROM POLICE IN A LARGE REFRIGERATOR—NEARLY EXHAUSTED

BOSTON, Sept. 24.—Half an hour inside of a refrigerator is about all a man can stand, in the opinion of Nicholas Pappas, who took refuge from the police in a large ice chest in the cellar at 55 Falmouth street yesterday morning and was discovered 36 minutes later almost helpless with the cold.

Pappas told the officers who found him that nothing would induce him to go through a similar ordeal again, adding that if they had not found him he would have been forced to come out of his own accord.

Pappas, who is 21 and lives at 23 Albion street, South End, is accused of breaking into the cellar of Wilfred Gardner's provision store at 55 Falmouth street and is also suspected of a number of small breaks in the Back Bay section recently.

## A TERRIBLE SLAUGHTER

GARRISONS AT LA GUNA SECA AND CHARCAS IN STATE OF SAN LUIS POTOSI, WIPED OUT

SAN LUIS, POTOSI, Mex., Sept. 24.—Confirmation has been received of the slaughter of the garrisons at LaGuna Secca and Charcas in the state of San Luis Potosi. Only one subordinate officer is said to have escaped. The federals at LaGuna Secca numbered 35. They fought until their ammunition was gone and then charged the rebels with bayonets. At Charcas where the number of federals is believed to have been larger, they fought to the last man.

The station agent at LaGuna Secca and his assistant were lined up to be shot, but were saved by an elderly officer of the rebels.

The object of these attacks is not apparent. The railroad was not damaged and trains are running, although from 12 to 36 hours late.

NEWPORT, R. I., Sept. 24.—E. Livingston Ludlow, who is 70 years old and prominent in society circles in New York and Newport, went up 500 feet in a flying machine yesterday with William Shaw of New York and Pittsburgh. Mr. Ludlow is believed to be one of the oldest men to fly in this country.

When they reached an altitude of 100 feet, Mr. Ludlow thought it high enough, and so planned to have a balloon with the sensation that he remembered that they go higher. For his great delight they soared up to 500 feet.

Mr. Ludlow said yesterday that on Thursday or Friday he will start for Oakwood Heights, N. Y., in his hydro-aeroplane with Misses Gertrude and New Haven, Conn. and Westchester, N. Y.

PRES. OF MASS REAL ESTATE EXCHANGE SAYS GOOD LOCATIONS ARE HARD TO FIND

BOSTON, Sept. 24.—John J. Martin, president of the Massachusetts Real Estate Exchange, while addressing the members of the Reciprocity club at the City Club last night, declared that the demand for factory sites and locations for big concerns in Boston has increased three-fold in the past year.

The meeting was the first of the club dinners to be held this fall. Six new members were admitted to the club, and it is expected that before the next monthly meeting the club membership will be increased by Boston business men until it reaches a total membership of 100.

President Martin also advocated publicity along lines that would attract those concerns who are looking for financial assistance and the dissemination of information with regard to the real advantages which Boston can offer. He said that Boston has a combination of features which if properly made known will attract new industries to this city.

## Rourke and Barlow Named in County Commission Fight—Gilbride Wins in 16th—Corcoran for District Attorney

The state primaries, held yesterday, did not develop many surprises. The vote, as a whole, was very light and not a great deal of interest was manifested. The result of Lowell's vote was not known at city hall until about 2 o'clock this morning when the last few precincts came struggling in.

They are still counting the votes in the county for county commissioner, and if the weather holds good they may finish the job by the end of the week. The county count is of necessity a slow one, but there isn't much doubt today as to the nominees. Erson B. Barlow is the choice of the republicans, of that there seems not to be the shadow of a doubt, but on the democratic side a doubt exists. Fred H. Rourke carried Lowell by a good majority, but there are a number of towns still to be heard from. Mr. Rourke allows that it will be a pretty close fight between he and McCloskey of Cambridge. From the information at hand he allows that Deputy Sheriff Walsh of Framingham is out of the running.

The wallowing administered Long by

Barry for the Lieutenant on the democratic side came somewhat as a surprise as the belief seemed to be quite general that Long would be the man. On the republican end Benton carried the city over Gardner, but that was not much of a surprise as Col. Benton has always been quite popular in Lowell.

William R. Schanor of Newton, candidate for district attorney on the democratic ticket made a sort of whirlwind campaign in Lowell, using an automobile as means of travel, and Schanor seemed to get the crowd wherever he went. He's a good talker and filled

ings at the recent convention held in Atlantic City. Deputy Grand Chief Ranger Narcisse Gabbots and Chief Ranger George R. O'Neill gave short talks on Court Merrimack and both mentioned the interest that the members have in this court. Grand Secretary William H. Stafford addressed the members on the work of the supreme court and James F. Miskella talked at some length on the history of "the oldest court in Lowell." His said in part:

"Permit me in the beginning to offer my most sincere congratulations to the officers who labor for the success of the society, and to the members who have gathered here tonight at the call of the court. This gathering proves that the ideals of this organization are near and dear to the heart of every member of our order. The ideals of liberty, unity, benevolence, and justice are the very cornerstones of our society, and it is the duty of every member to uphold and defend them. We are here tonight to discuss the work of the court, and to elect officers who will carry on the traditions of this noble organization. Let us all strive to make this a successful and profitable meeting, and let us all remember that we are members of a great and noble order, and that we are proud to be associated with it."

## NEW HAVEN IS "BROKE"

### Counsel Robbins Says That Road Needs \$40,000,000 to Meet Notes in December

BOSTON, Sept. 24.—Arguments on the petition of New York, New Haven & Hartford railroad for authority to issue \$67,000,000 of convertible debenture bonds were made before the public service commission today by Edward D. Robbins, general counsel for the railroad and H. L. Brown, acting as counsel for the commission.

For the first time since the hearing on the petition was opened the membership of the board was complete. Everett E. Stone, former mayor of Springfield, who was appointed to membership on the commission in place of former Congressman Lawrence, who resigned, made his initial appearance today. At the opening of the session Chairman Frederick MacLead explained the payment to him by the New Haven road of \$700 last March to which attention had been directed by a Boston newspaper (this morning, Mr. MacLead said that the payment represented the New Haven's share of the compensation fixed by the legislature of 1907 to the members of the Massachusetts railroad commission for their services in connection with the development of the river front of Springfield, Mass. The New Haven's need of the \$67,000,000 bond issue was emphasized by Counsel Robbins in his argument. Reviewing some of the testimony at the hearing he showed that \$10,000,000 was needed to meet notes falling due in December, that \$5,000,000 of indebtedness falls due Feb. 1 next and \$1,000,000 more at intervals during the rest of 1914. New equipment costing \$5,000,000 is needed before the end of 1914 and improvements and betterments of the railroad property will cost \$12,000,000.

Mr. Robbins said that because of the

existing state of the money market the officers and directors of the company believed it necessary to offer to stockholders and to convertible debenture holders an issue of six per cent. debentures payable 20 years from date and convertible into capital stock of the company par for par at any time after five years and no later than five years from date. He said the issue had been underwritten and the company was assured of the money unless prevented from obtaining it by the laws of Massachusetts as administered by its public service commission.

Suspensions seemed to be entertained, Mr. Robbins said, that the company's officers and directors intend to borrow more money than was really needed and that they were ignorant of financial conditions in the world's money market and were sacrificing the interests of the company by the terms of the contracts for raising money. President Elliott, he said, who was not responsible for anything that had happened in past administrations of the road, was facing great difficulties and it would be unreasonable to suppose that he would incur a considerable increase of interest charges unless this seemed to him necessary for the safe, economical and efficient administration of the railroad. The attorney declared that the directors were men connected with other large corporations which have to borrow great sums of money and that they were not ignorant of money conditions.

Previous issues of debentures had been made without objection, Mr. Robbins said, and he argued that convertible bonds were a common and much favored form of security and were authorized by the laws of Massachusetts.

## STRONG RACING CARD

### IDEAL WEATHER CONDITIONS FOR THIRD DAY'S PROGRAM CIRCUIT RACES AT COLUMBUS

COLUMBUS, O., Sept. 24.—Ideal weather conditions and what is considered a strong racing card increased interest in the third day's program at the Grand circuit races at the driving park here this afternoon. In addition to new races for today several heats must be run to settle features of yesterday's card.

The horse review feature for three year old trotters will be the first attraction this afternoon and it is expected there will be more than a dozen starters.

The purse for this race is \$3000. Clavah, son of Al Stanley is a favorite. Other races on today's card are the 2:05 pace, which must be settled today, the 2:07 pace, nine starters are expected, the 2:15 trot, in which 14 are expected to go, and a free for all trot.

## MAYOR GAYNOR'S WILL

### LEAVES HOUSE TO HIS WIDOW— \$2,000,000 ESTATE GOES TO HIS CHILDREN

NEW YORK, Sept. 24.—Only the town house at No. 70 Fifth avenue, Brooklyn was left to Mrs. William J. Gaynor, under the terms of Mayor Gaynor's will.

Friends believe the mayor must have made provision for Mrs. Gaynor during his lifetime. The estate, estimated at \$2,000,000, was left almost entirely to the two sons and three younger daughters, the married daughters receiving only \$1000 each.

CLEVELAND, O., Sept. 24.—President Somers of the Cleveland American league club sent a challenge yesterday to President Dreyfus of the Pittsburgh National league club for a post-season series of games. The challenge had been held back until it was definitely decided that the Cleveland team would not get a chance at the 1913 world's series.

## AMATEUR BASEBALL

The Mysteries and the Exeter A. C. are trying to arrange a game for next Saturday and the manager of the latter would like to hear from the official in charge of the activities of the former with regard to the final details of the arrangements.

The Grays and Blues will clash on Bunker Hill on Saturday for a prize of two quarter balls. The game will start promptly at two o'clock. If both teams are ready at that time.

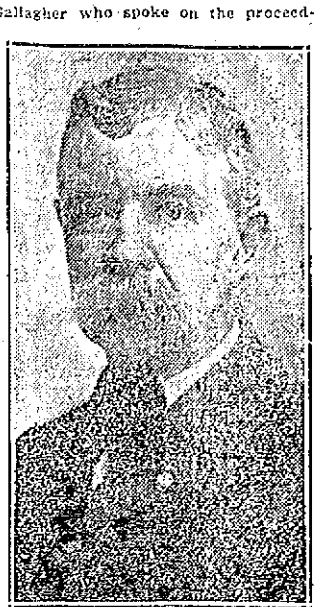

The strong team of the Bunting club will play the Pelham Town team on Thursday as a main attraction of the fair which is scheduled to be held there on that date. The Bunting want a home game for next Saturday.

## ITS 34TH YEAR LORD DEWEY WON A

Observed by Court Merrimack, F. O. A., at  
Crafton Hall

The 34th anniversary of the formation of Court Merrimack No. 11, Foresters of America, was observed last night in Crafton hall with a smoker and a musical program. A large number of members of Court Merrimack were present and there were many visitors.

The program opened with remarks by Past Grand Secretary James J. Gallagher who spoke on the proceedings.

JOHN HENDRICKS,  
Chairman of Committee

ings at the recent convention held in Atlantic City. Deputy Grand Chief Ranger Narcisse Gabbots and Chief Ranger George R. O'Neill gave short talks on Court Merrimack and both mentioned the interest that the members have in this court. Grand Secretary William H. Stafford addressed the members on the work of the supreme court and James F. Miskella talked at some length on the history of "the oldest court in Lowell." His said in part:

"Permit me in the beginning to offer my most sincere congratulations to the officers who labor for the success of the society, and to the members who have gathered here tonight at the call of the court. This gathering proves that the ideals of this organization are near and dear to the heart of every member of our order. The ideals of liberty, unity, benevolence, and justice are the very cornerstones of our society, and it is the duty of every member to uphold and defend them. We are here tonight to discuss the work of the court, and to elect officers who will carry on the traditions of this noble organization. Let us all strive to make this a successful and profitable meeting, and let us all remember that we are members of a great and noble order, and that we are proud to be associated with it."

## WISDOM OF OUR FATHERS

Counsel declared that a scant majority of the assembly were now asking the court to do away with the limitations which in "the wisdom of our fathers" has surrounded the exercise of the great power to accuse of wilful misconduct in office and he intimated that back of this were men "whose very political creed embodies an impatience of constitutional restraint and who demand that the final test shall be not a judicial interpretation of the constitution but the duly ascertained wish of the majority of the moment."

He continued:

"If the view of the honorable managers be correct, then, indeed, all question of constitutional limitation or construction is beside the mark and this court should proceed to register whatever decree it may be persuaded will best please what it may determine is the present public mind."

## Y. M. C. I.

Frank Haggerty has been elected to the office of secretary of the Young Men's Catholic Institute of Belvidere, to succeed Tom Higgins who resigned. On next Tuesday, the Institute will hold a grand fall opening of the bowling alleys. There will be bowling, billiards, pool and cards, and a musical and a musical and literary program is now being arranged. It is expected that the series of popular ladies' nights will start in a week or two, and will be attended with the same brilliant success which characterized them last year.

## YALE ELEVEN OPENS SEASON

NEW HAVEN, Sept. 24.—The Yale eleven opens its season today with Wesleyan at Yale field. While the Middletown collegians are not considered as strong as last fall when they scored on Yale for the first time in many years the Blue eleven is regarded as superior to that of 1912. An inter-collegiate game will be the starting point of the season, with the Middletown team being the main attraction of last year's freshmen eleven, over the heads of older players.

Landed Third Straight  
\$10,000 Race at Columbus Yesterday

COLUMBUS, O., Sept. 24.—Lord Dewey, winner at Syracuse and Detroit, landed his third straight \$10,000 race by taking the Hoster-Columbus stake at the grand circuit meeting. His 206½ in the first and third heats has been bettered only once this year by trotter of Lord Dewey's class. Lord Dewey's winning was four thousand dollars and a silver cup.

Maine's measure was taken in the Capitol City trotting stake by Tommy Horn after a struggle of five heats.

Tilly Tipton, for the first time this season, was beaten by Homer Baughman in the Horne Review feature for three-year-old pacers. The colt, owned by John S. Baughman of Danville, Ky., won the first heat in 2:04½ and stepped a second faster in the second and final one.

Princess Margaret, the original first choice for the 15 race, which won three heats on Monday won the race yesterday in three more heats.

## SULZER CASE

Continued

nor filed with the secretary of state a false statement of his receipts and in his campaign for election in violation of the corrupt practices act. It sets forth that the statement showed receipts aggregating \$5460 and did not contain contributions aggregating \$5500.

Article 2, charges that in swearing to "such false statement" the governor was guilty of wilful and corrupt perjury.

Article 3, charges that he committed grand larceny in speculating on the New York stock exchange with money and checks contributed to his campaign. It alleges that 11 mentioned in the previous articles were stolen by the governor together with cash aggregating \$2855 and that he used the same for a large part thereof in his alleged speculations.

Austen C. Fox was to continue his address at the opening of court in support of the arguments of the defense that the three articles should be stricken out.

Several members of the court were absent when Mr. Fox resumed his argument shortly after ten o'clock. The attorney opened by attacking the statement of Judge Parker at yesterday's session that the constitution permitted the assembly to impeach at any time for any cause. He conceded that there "was a broad power of removal" but he said that he had continued to a novel doctrine never heard before in any court, of justice in this state, never broached in any constitutional convention, never submitted to any English speaking people.

## LOWELL TIED SCORE IN FIFTH

Lowell tied up the score in the fifth. Magee was first up in this session and smacked the first ball pitched. The ball rolled into deep field and before it was returned to the diamond Magee out but DeGroot was right on deck with a single to left and he brought home the leader of the New England league batters.

Lowell scored her second run in the seventh. Thomas walked and was sacrificed to second by Magee. He went to third when Halstein's infield out and scored when Averett made his second wild pitch.

## HARTFORD KEPT FIGHTING

Hartford went right after the Lowell club in the eighth. Rieger was loudly implored for a hit and came through with a scorching single to left. Averett attempted to sacrifice him and Thomas handled his bunt poorly with the result that both men were safe. Curry was called out on strikes. Hoffman smashed out a ringing base hit which scored Rieger and was cheered to the echo by the fans.

From this point up to the 11th inning both teams fought out a bitter diamond fight with the pitchers working everything they had. The crowd, in appreciation of spectacular work by both teams, stood up and cheered them several times. The game looked bad for Zieser in the tenth when Curry doubled to left and a series of strikeouts rang down the curtain on the inning without a score.

## FELL DOWN IN ELEVENTH

Averett was gone in the 11th. Dee, the first man up, worked him cleverly for a base on balls. Zieser attempted to sacrifice him along and reached first when Kelliker failed to handle Averett's throw. Dee went to third on the misplay.

Dee failed to score when Clemens grounded out to Curry, but Zieser advanced him to second. Miller rolled a grounder to Gardner who made the play to the plate. Dee was safe at home. Zieser rested on third and Miller went clear around to third. Averett was guilty of another wild throw and Zieser trotted home with the second run of the inning. Thomas drew another pass and on the first ball to Magee stole second. Magee laid down a perfect sacrifice and Miller scored. This ended Lowell's scoring and the crowd, with the score board reading 5 to 2 against the home club, started to file out of the stands.

## NEUF MADE THREE HITS

Hartford fought it out to the bitter end, however. Kauff opened with his third hit of the day, a single to left. Rieger's infield out advanced him to second and he brought home a tally when Kelliker singled to right. Gardella, Halstein and the crowd yelled for a hit. Gardella's double to the right fielder between first and second and Halstein made the out-out. Kelliker took third on the out. McDonald ended the most spectacular game of the series with a grounder and died at first.

## A SPECTACULAR GAME

Sun Man, Back From Hartford  
Tells How Lowell Team Won  
the Third Straight Contest

In one of the grandest baseball struggles engaged in by the Lowell team this season the New England league champs defeated their Hartford rivals yesterday afternoon on the latter's own ground by the score of 5 to 3 in an eleven inning contest. Averett weakened in the eleventh and three runs came across the Lowell platter. Hartford died game, however, and pushed over a run in their half and threatened to tie up the score. Everything considered it was one great game.

The crowd in attendance was the same loyal collection of Hartford fans that attended Saturday's contest. Enthusiasm over the stellar plays ran high and the Lowell players came in for their just meed of praise at the hands of the highly excited crowd.

In the fourth inning when Hartford scored the first run of the game Hartford fandom went wild. Siren whistles, yells and bursts of applause rent the air in a deafening uproar which lasted for several minutes. Again in the eighth when the home club sent over the run which tied up the score did the spectators show their appreciation of the struggle their team was making for the game and the demonstration could be plainly heard down town.

## PITCHERS IN GOOD FORM

Averett and Zieser were the opposing twirlers and each box artist pitched great ball. Seven hits were all that either twirler allowed in the eleven innings that the game won. Averett and Zieser both weakened in the eleventh the strain being particularly hard on Zieser on account of the crowd's noisy cheering.

Hartford scored her first run in the fourth. Kauff, the first man up, singled to center and went to second on a wild throw by Zieser. Hoey sacrificed him to third and he scored on Kelliker's grounder to Dee. No further scoring resulted in this inning.

## MAKE 'EM DO IT

Effort to Compel Congress to Pass Votes for Women

WASHINGTON, Sept. 24.—A determined effort to compel congress to act on the proposed amendment to the constitution which would give nation wide votes for women is to be made during the week of the convention here beginning Dec. 1 of the National Woman Suffrage association. Arrangements for the convention have been completed. It was announced today, and include speeches by Dr. Anna Howard Shaw, president of the association, by Judge Julian Mack, formerly of the Chicago juvenile court, Mrs. Carrie Chapman Catt, president of the International Suffrage Alliance and Mrs. Jane Addams, vice president of the national council of women voters.

## BATTILING LEVINSKY WON

NEW YORK, Sept. 24.—Battling Levinsky of Philadelphia knocked out Frank McGuinness of this city in the sixth round of a scheduled 10-round bout here last night. Levinsky weighed 185 pounds. McGuinness tipped the beam at 191½.

Kid Alberts defeated Phil Cross in the first of a series of 10-round elimination contests for the right to claim the welterweight title.

## THIR ROUND THE WORLD

BOSTON, Sept. 24.—Duffy Lewis, the Red Sox hard hitting, fast fielding and great throwing outfielder, yesterday afternoon agreed to make the trip around the world with the Chicago White Sox. As it is customary for Lewis to play ball during most of the winter months, he figured that he might just as well make a trip around the globe, at the same time standing a chance to make a neat sum of money. Lewis will join Callahan's outfit in Chicago about the middle of October.

# JEROME JUMPS TRACES CAUSE OF WRECK HUNT MURDERER

## Mrs. Thaw Says Former District Attorney Was First Opposed to Having Harry Adjudged Insane

CONCORD, N. H., Sept. 24.—Harry K. Thaw remained at the Eagle hotel in this city last night under the joint custody of state and federal authorities but there is no longer a crowd about the hotel to watch for his infrequent appearances and he and his nephew, who is still with him here, attract very little attention even from the other guests at the hotel. A decision in the matter of extradition is expected from Governor Felker early in the coming week. Some decisive move in the proceedings then will be in order.

**Mrs. Thaw Talks**  
Mrs. Mary Thaw this morning gave out the following statement:  
"Several of the morning papers declare that during one of Mr. Jerome's ferocious attacks on my son's New

Hampshire counsel ending with the stereotyped characterization of the 'Thaw money' used jointly by himself and Dr. Flint, the mother of the fugitive was moved to tears.  
"Nothing could be further from the truth. I have listened to several of Mr. Jerome's diatribes but five years ago determined I would never look in his direction during the delivery of any one of them.  
"This decision I made in the court of Judge Tompkins at Nyack while Jerome was insisting that only in New York county should any writ be heard. He was standing within ten feet of where we sat and made use of this language: 'This man is where he ought to be and where I hope he will be kept for the remainder of his natural life.' Jerome was opposed to having my son adjudged insane at first and now he wishes to have him held in an insane asylum for life without any evidence to sustain the charge. My son is not insane."

## \$33,000,000 IS NEEDED

### To Place B. & M. in First Class Condition, According to Road's Chief Engineer

BOSTON, Sept. 24.—More than \$33,000,000 will be needed within the next two years to place the Boston & Maine railroad in first class condition, according to testimony given today by Arthur B. Corbitt, the road's chief engineer, before Interstate Commerce Commissioner Charles A. Prouty at the hearing on the proposed increase of freight rates. Within the next three years \$65,000,000 will be needed, Mr. Corbitt said. The elimination of grade crossings will require \$2,500,000; automatic block signals \$1,612,000; terminal improvements in Boston \$1,500,000 and additional main tracks \$2,150,000 and all within two years.

Henry Barlett, mechanical superintendent, testified that the road was

adequately equipped since the recent addition of 400 powerful engines. Fifty new locomotives will be needed within a year, however, to replace old ones. The railroad now has 1244 engines and 1835 a year ago. He estimated that the Dilleria shops, when completed will reduce repairs costs from \$80,000 to \$75,000 annually. Up to the present time \$1,114,000 has been spent on these shops, which will cost \$2,350,000 when finished.  
Mr. Corbitt, a Bradley, statistician, showed that the percentage of expense charged to maintenance of equipment was very low. During 1912 it was 15.3 against 19.1 for the New Haven, 23.9 for the New York Central and 21.6 for the Pennsylvania.  
The cost of operation was 23.3 per cent, he said, which represented a greater reduction in cost in the past ten years than any other eastern road will show.

## PATRICK FORD PASSED AWAY

### Veteran Editor and Irish Patriot Loss to Cause

### His Paper Had Been Great Power in Irish Movement

NEW YORK, Sept. 24.—Patrick Ford, who founded the Irish World in 1870, and whose active direction of its affairs continued until a week ago, died yesterday of pneumonia at his home, No. 359 Clermont avenue, Brooklyn. He was seventy-six years old, having been born in Galway, April 12, 1837. His residence in the United States had been uninterrupted, even by a visit to Ireland, since 1875.

Ford was a militant in the home rule cause, and from 1882, when Gladstone declared that "but for the work the Irish World is doing with the money it is sending across the ocean there would be no agitation in Ireland," he was an acknowledged leader in the fight, which now seems about to be won.

Five years ago the house of commons was thrown into an uproar by a demand to know whether Premier Asquith meant to allow the New York editor to return to Ireland.

**Balfour's Estimate of His Power**  
John Redmond had at that time referred to Ford as "that veteran Irishman whose name is a household word in this country," and in the spirited election of 1910 former Premier A. J. Balfour concluded one attack on the government by saying:

"The cabinet is governed by its noisiest members, who are governed by John Redmond, who is governed by Patrick Ford."

Ford's first work in America was as a printer for William Lloyd Garrison when he was publishing the Liberator in Boston. In 1855 he began writing for the Boston newspapers and in 1856 was editor and publisher of the Sunday Times there. In 1861 he enlisted in the Ninth Massachusetts Infantry to fight through Fredericksburg. At the close of the war he established the Gazette at Charleston, S. C., and in 1870 came to New York to establish the Irish World.

Nine years later, when the Land league made its appearance, he became its most ardent supporter. Through

his instrumentality 2500 branches were established in the United States, and more than \$500,000 was raised and sent to Ireland. In this work his sister, Miss Ellen Ford, was also active, she, with Fanny Parnell, organizing the Ladies Land league and personally conveying to Ireland much of the money raised.

Mrs. Della McDonald Ford, the editor's wife, died in 1905, but their eight sons and three daughters are still alive. Besides Miss Ellen Ford and Augustine Brendan Ford, a brother who is manager of the Irish World and editor of the Freeman's Journal, the children are Mrs. James Mooney, Mrs. Leo O'Brien and Miss Ellen Ford; Robert, Austin, Patrick, Edward, Thomas, James, Paul and Frank.

## MRS. CATHERINE THOMAS

### WOMAN DIED SUDDENLY—HER BODY FOUND AT HER HOME BY HER SON

Albert Thomas, upon entering his home in 124 High street, last night found the lifeless body of his mother, Mrs. Catherine Thomas, in bed.  
Mrs. Thomas had been alone in the house all day, but when her son left her she did not complain of any illness. The young man, however, returned to his home shortly after 10 o'clock last night and found his mother dead. The cause of death was heart failure.  
The body was removed to the funeral parlors of Undertaker C. H. Molloy. Deceased is survived by a husband, William; three sons, Albert, Harold and William; and a brother, as well as three sisters.

## BARRY SAYS PEOPLE WON

### DECLARES HIS ONLY DESIRE IS THAT THE DEMOCRATIC CAUSE MAY TRIUMPH IN NOVEMBER

Hon. Edward P. Barry last evening issued the following statement:

"I am grateful to the people's fight, not mine; and if I happened to be the individual who led the hosts to victory it was not my personality, but the people's cause and the platform of the direct primary, that won."

"The individual is but an atom. He is born, he acts, he dies; but principles are eternal and they have been a contest of principles. I have in my heart but one desire and that is the success of the great cause in which we democrats are engaged, the direct primary, as all, but the success of the party and the rank and file who control it."

"The people having made this selection of the democratic standard bearer will endorse it from top to bottom on election day."

**Lawrence Man Suicides**  
LAWRENCE, Sept. 24.—Carl Chesborough, 21, committed suicide this morning at his lodging, 102 Garden street, by inhaling illuminating gas. Dependability is assigned as the cause. Relatives are believed to reside somewhere in New Hampshire.

## Inadequate Signals and Reckless Driving Were Responsible

HARTFORD, Conn., Sept. 24.—Lack of an adequate signal system, the bunching of six trains within a 10-mile stretch of track, and reckless driving by the engineers in a fog are given as causes for the collision between the Bar Harbor and the White Mountain expresses on the New York, New Haven & Hartford railroad at North Haven, Sept. 2, resulting in 21 deaths, by the public utilities commission in its report on the accident made public yesterday. Six specific causes are assigned, as follows:  
Lack of an adequate signal system; had signal No. 23 been connected with the distant signal, the engineers of the Bar Harbor second section and the White Mountain express first section, would have been warned of their positions when half a mile or more distant.  
Bunching of six passenger trains during a fog (with the signal system then in use) in the 10-mile section between Wallingford and the Air Line Junction.  
Reckless running in a fog on the part of Engineer Woods (of the Bar Harbor express), who passed block signal No. 23 when it indicated stop, and the consequent clearing of signal No. 25 for the first section of train No. 35 following.  
Failure of Flagman Murray of the Bar Harbor express to go back a sufficient distance to offer any protection whatever to his train.  
The indifference of Conductor Adams (of the Bar Harbor), who did not show sufficient interest in the safety of his train, knowing that a train was following, to see that the flagman was doing his duty and for stopping his train and calling in the flagman, who otherwise would have been left to flag the White Mountain express.  
Engineer Miller's reckless running (of the White Mountain) in a fog and his failure to control his train and be prepared to stop before passing signal No. 23.  
Engineer Miller, Flagman Murray and Conductor Adams are at present under bonds, awaiting trial as a result of the finding of Coroner Mix giving criminal responsibility for the wreck upon them.

## HAND CRUSHED

### Thomas Green Met With Painful Accident This Morning

Thomas Green of 1025 Gorham street, employed by the C. B. Coburn company had his hand badly injured this morning shortly after 11 o'clock while removing a barrel from a wagon near the corner of Howard and Tannock streets. In some way he lost control of the barrel and it fell upon his hand and the lower part of his arm. He was taken to St. John's hospital where his injury was treated.

## JOHN BUCHANAN

### Funeral of Well Known Patrolman Took Place This Afternoon

The remains of the late John Buchanan, a former patrolman, were tenderly consigned to their last resting place in the Eden cemetery this afternoon after impressive services had been held at his home, 105 Beech street.

The funeral which was largely attended by sorrowing relatives and friends of the deceased, who was well and favorably known in Lowell, where he had resided for a number of years, was held at 2 o'clock, the officiating clergyman being Rev. Mr. Dinmore. The bearers were three members of the Red Men and three from Post 120, G. A. R. Among the delegations present were Dr. William Bass and Deacon Warren L. Floyd from the First Baptist church; Walter Shaw and L. F. Munroe, Sons of Veterans; James Dickey, George A. Frost and Joseph Hicks, as well as a delegation from the Post 120, G. A. R.  
Burial was in the family lot in the Eden cemetery, where the committal service was conducted by the Red Men and Post 120, G. A. R. Funeral arrangements were in charge of Undertakers Young & Blake.

## \$10,000 WAGER

### Won by Former Lowell Boy in an Auto Trip From California

Carl H. Smith, brother of Dr. Foster H. Smith of this city, has just won a \$10,000 wager by driving his automobile from the coast to New York city in thirty days. Mr. Smith, who paid a visit to his old home in this city a few years ago, is a theatrical manager in San Francisco.

On his wager winning tour, Mr. Smith left San Francisco at 6 p. m. on August 17 and arrived in New York city last Thursday morning at two o'clock. The car, despite encountering a cloudburst in Wyoming, a terrific hail storm on the Colorado-Kansas line, which tore the car's top to ribbons, came through on six tires and the four on the car when it reached New York in good for a return journey.

Mr. Smith will pay a visit to his old home in this city before returning to California. He is expected to arrive in Lowell early in October and perhaps sooner.

## Nation Wide Search for Slayer of Merchant—Say He Killed Others

INDIANAPOLIS, Ind., Sept. 24.—Convinced that the young man who Monday brutally murdered and robbed Joseph Schlansky, a clothing merchant, in a hotel here is the same person who has committed similar crimes in several eastern and middle western cities, the local police department last night asked officers in every large city east of the Mississippi river to watch for the slayer. They believe the murderer is Joseph Ellis, about 21 years old, of Richmond, Va.

Investigation of the murder of Schlansky showed it had been coolly planned and the escape so cunningly carried out as to throw off suspicion temporarily.

After murdering the merchant, the man discarded a collar spotted with blood, walked to a nearby store where he purchased another and then returning to the lobby of the hotel where his victim lay dead, remained for an hour or more. Late in the afternoon the slayer returned to his room, and then going to the Union depot secured his suit case from the check room and is believed to have caught an eastbound train.

He is supposed to have cunningly gathered evidence showing that Ellis, who also is known as Brokaw and Robert Dunlap, committed similar crimes in Louisville last week and left there Saturday for Indianapolis. Previous to the Lepelville robbery the man is supposed to have attacked clothing merchants in Cleveland, Toledo, Philadelphia and Pittsburgh.

## AUTOS COLLIDE

### Two Were Injured in a Head-on Collision in Boston

BOSTON, Sept. 24.—Dr. Orron H. Sanders of 353 Commonwealth avenue, Boston, is on the dangerous list at the Quincy City hospital, and Inspector James O'Donnell sustained severe bruises as a result of a head-on collision between two automobiles yesterday afternoon at the junction of Hancock and Standish avenues, Wollaston.

At the Quincy hospital last night it was believed that Dr. Sanders sustained a fractured skull. O'Donnell was able last night to sit up at his home, 176 Glendale road, Quincy. The accident occurred about 5 o'clock. Inspector O'Donnell was driving a small car toward Boston following the in-bound car track. The automobile occupied by Dr. Sanders and a chauffeur was approaching on the out-bound track.

Near Standish street O'Donnell steered his car to the left to avoid a team ahead of him on the track. A crash followed and O'Donnell's car was reduced to a mass of broken wood and twisted iron.

Neither victim had any warning. The team which O'Donnell endeavored to avoid shut each from view of the other. The big Sanders car crumpled the smaller one and O'Donnell missed death by a hair's breadth.

# FIRST PUBLIC OFFERING—500,000 SHARES

## Boston and Montana Development Co.

(Incorporated under the laws of the State of Montana)

## AT FIVE DOLLARS PER SHARE

This offer is based on known development of property, on the earning power accruing from this consolidation—admitted to be of great importance to the mining and business interests of Montana; and on the certainty of an efficient management.

## OFFICERS AND DIRECTORS

President—Hon. W. R. Allen, Butte, Mont.  
Vice-President—W. C. Siderfin, Butte, Mont.  
Secretary—L. P. Benedict, Butte, Mont.  
Treasurer—Arthur Perlman, Butte, Mont.

Hon. Sir Frederick W. Borden, Ottawa, Can.  
Joseph J. Wall, Boston, Mass.  
William Wallace, Jr., Helena, Mont.  
Charles E. Miller, Wisdom, Mont.

## EXECUTIVE OFFICE

State Savings Bank Building, Butte, Mont.

The BOSTON and MONTANA DEVELOPMENT COMPANY, authorized capital \$3,000,000 shares, par value \$5.00 each, is a consolidation of large copper mining properties in the famous French Gulch District, Dear Lodge County, and the Elkhorn District in Beaverhead County, Montana. The company has taken over all the developed and known valuable claims in these districts, and to insure the permanent and economic development of which it will build a standard gauge steam railroad, to be known as the BUTTE, WISDOM and PACIFIC RAILWAY, running up the Big Hole river to Ralston, Wisdom and Jackson, with branch lines extending to the French Gulch Mines and up the Wise river to the Elkhorn Mining District. In addition to furnishing transportation for the great quantities of copper-bearing ore from the French Gulch and Elkhorn Districts, this road will furnish transportation facilities to the entire territory known as the Big Hole Basin, the richest and most extensive agricultural, timber and mining district in the State of Montana, now without the benefit of railroad facilities. The company owns water rights from eight streams in the French Gulch territory, with approximately fifteen miles of ditches and flumes, also large acreage of virgin timber.

## PROPERTIES—OWNED AND CONTROLLED

French Gulch—Quartz Lode Mining Claims: Esther, Lono Star, Eureka, William McKinley, Lucky Strike, French Gulch, Golden Era, Golden Crown, Apex First Chance, Swamp Junction, Fraction, Leo, Queen, Dixie Fraction, Margaret Extension, Margaret, Florence McKinley, Spain, Florence Extension, Ruth, Salt Lake, Tixie, Star of the West, First Chance Extension, Placer Claims: Spring Gulch, Old Channel, Legal Tender, French Bar, Phoenix Extension, Julius.

Elkhorn Mining District: Quartz Lode Mining Claims: Central, Red Top, Red Top No. 2, Idanha, Idanha No. 2, Aspen, Aspen No. 2, Boston, Boston No. 2, Central Tunnel Site, Central Tunnel Site No. 2, White Seal, Grotto Duhous, Leap Year, Blue Bell, Blue Jay, Diamond, Aurora, Violet, Elkhorn, Lost Cloud, Lulu, Snowdrop, Red Sky, St. Louis, Wise River.

DEVELOPMENT AND EQUIPMENT—The development work on the French Gulch and Elkhorn properties is very extensive and the equipment is sufficient for all present requirements.

## EARNING POWER

French Gulch has produced millions by crude and expensive mining methods, and with the application of modern economical mining methods the net profits on production of the French Gulch and Elkhorn Districts, added to the earning power of the railroad, should be large and permanent.

Applications for stock will be accepted at

## TODAY'S STOCK MARKET

### SHARP DRIVE AT MARKET

NEW YORK, Sept. 24.—The increasing heaviness of stocks yesterday and the recent growth of bearish sentiment induced professional traders to make a sharp drive at the market, at the opening today. Stocks were offered freely in all departments and the market offered little resistance to the downward movement. First prices showed an unbroken list of declines among the active stocks. Copper continued the reactionary movement which followed the recent sharp advance and Amal and Utah lost a point each. Colorado Fuel sustained the largest loss, dropping back 1 1/2. Declines of 1/2 to 1 1/2 were recorded in Union Pacific, Reading, Canadian Pacific, Lehigh Valley, Steel and Can.

Bear operators had the upper hand in the market during the morning, basing their attacks largely on reports of unfavorable conditions in the steel and copper industry. The break in copper metal abroad was followed by rumors of price reductions in the domestic market, which, however, met with denial. The possible effect of the new tariff schedule on the steel trade was made the basis of bearish predictions and new business was said to be falling off, despite price concessions. Bear selling became more aggressive when it became evident that the decline was not bringing out supporting orders.

Unsettlement of foreign markets owing to uneasiness over monetary conditions and complications in the international situation was reflected in liberal selling in this market for foreign accounts. London sold about 200,000 shares here on the decline. Steel, Amal and U. P. Canadian Pacific declined was influenced by Berlin selling. Pressure on the market was less pronounced in the afternoon and the leading stocks had intervals of steadiness but various obscure issues continued to lose ground.

The market closed weak. New Haven became strong and active, rising 1 1/2. Other shares were heavy, titual rallies being distinguished by occasional spurts of selling.

### BOSTON MARKET

BOSTON, Sept. 24.—New Haven and Boston & Maine were the most conspicuous stocks traded in on the local market today. Both were strong and rose perceptibly.

The market closed irregular. Alaska Gold 2 1/2; Granby 7 1/2.

### COTTON FUTURES

NEW YORK, Sept. 24.—Prime mercantile paper 5 1/4 and 6 per cent. Sterling exchange easy at 48 1/2 for sixty day bills and 47 1/2 for demand. Commercial bills 48 1/4. Bar silver 61 5/8. Mexican dollars 47. Government bonds heavy; railroad bonds firm.

### COTTON STOCK

Cotton spot closed quiet. Middling uplands 12.00; Middling Gulf 12.35. No sales.

NEW YORK, Sept. 24.—The market for cotton futures was active and showed a general decline. The market closed irregular. Alaska Gold 2 1/2; Granby 7 1/2.

NEW YORK, Sept. 24.—The market for cotton futures was active and showed a general decline. The market closed irregular. Alaska Gold 2 1/2; Granby 7 1/2.

## LEGAL NOTICES

COMMONWEALTH OF MASSACHUSETTS, Middlesex, SS. Probate court. To the heirs-at-law, next of kin and all other persons interested in the estate of Mary E. Courtney, late of Lowell in said county, deceased.

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said court, for probate, by Jennie Courtney, who prays that letters testamentary may be issued to her, the executrix therein named, without giving a surety on her official bond.

You are hereby cited to appear at a probate court to be held at Cambridge in said county of Middlesex, on the 30th day of September, A. D. 1913, at 9 o'clock in the forenoon, to show cause, if any, why the same should not be admitted.

And said petitioner is hereby directed to give public notice thereof, by publishing the citation once in each issue of the Lowell Sun, a newspaper published in Lowell, the last publication to be on any day, at least, before said court, and by mailing said citation, with a copy of this citation, to all known persons interested in the estate, seven days at least before said court.

Witness, Charles J. McIntire, Esquire, First Judge of said court, this 15th day of September, in the one thousand nine hundred and thirteen.

W. E. ROGERS, Register.

## BROTHERS FINED

Continued

boarded the train at Dover, N. H., and stood on the side ladder of a blind baggage car. When the train pulled out of the station and began to speed up the boys became frightened and screamed for the brakeman but did not attract his attention until they had pulled a window. The brakeman then pulled the emergency bell and the train stopped. The conductor stated that the "hoppers" were pure in the baggage car and taken to Lawrence, where they expected to be met by a policeman but through some misunderstanding there was no officer near the depot and while the train was stopped the two boys left and were several yards down the track before their escape was discovered.

Arrested in Lowell

He further stated that after the train had started from Lawrence the Portlanders again caught on the side ladder and this time they were captured and locked in the car. The Lowell police were notified and when the train arrived at the station Officer Drowett was present and relieved the railroad men of their worry of another escape.

Both boys stated that they live in Portland with their mother and left there four weeks ago to work in the woods. Owing to their nationality, they were put out of the lumber camp, they claimed, and with only a few cents in their pockets they believed that to steal a ride on a train was the only way to get to a city where they could obtain work. When arrested at the depot they told the officer they were "beating" their way to New York in the hope of securing work in the freight yards there. Judge Enright found both guilty and ordered them to pay a fine of \$10 each.

Larceny Case Continued

George Lefebvre was arrested yesterday afternoon on Moody street by Inspector Walsh carrying with him a stolen property, the value of which was \$53. The theft was committed on January 24 and since that time the police have been on the lookout for Lefebvre and his companion.

According to the police the property was owned by one Nazaine Ether, whose room was entered early in the morning of the above date. It is said that Lefebvre had been in Ether's room on the night before the break and had seen a roll of bills which the latter kept in his trunk and also spotted a valuable watch owned by Ether. The case was continued until tomorrow morning.

Assault and Battery

Michael Fitzgerald was charged with assault and battery on Victoria Horton and he pleaded not guilty. The complainant was the first to take the stand and she said that she was called to the house of the defendant on last Monday by Mrs. Fitzgerald. After she had been in the house a short time her hostess went to a store to make a purchase, leaving she and Mr. Fitzgerald alone. She said that the defendant called her had named and struck her twice because she refused to leave the house.

Mr. Fitzgerald was called and he stated that he ordered Mrs. Horton out of the house and she refused to go. He said he did not strike her but she bumped against the door when she finally left the house and received a mark on the side of her face. Judge Enright found him guilty and ordered him placed on probation for the term of six months.

Alexander Wright, whose case was continued from Monday, promised to lead a straight life and he was given a suspended sentence to state's prison.

## AMUSEMENT NOTES

### LOWELL OPERA HOUSE

All followers of "Broncho Billy" should not fail to see "Broncho Billy's Conscience" at the Opera House today, for it shows "Billy" in the role of a villain for the first time in this city. Broncho Billy, foreman, finds Tom Warner has squatted on a section of Stockdale's ranch. He complains to the owner, who tells him to bust Warner. The squatter, however, refuses to go. Marguerite, the ranch owner's daughter, while on a shopping trip to town, has trouble with her saddle. Warner goes to her assistance and man and girl immediately fall in love with each other. Warner meets the girl again, but Broncho Billy (who is also in love with Marguerite), and the father, on finding the pair together, are furious. Father orders the daughter home and tells Warner never to speak to the girl again. Shortly afterward, the ranch owner is shot. Broncho Billy, to get even with War-

ner, secretly arranges things so that his rival is accused and finally hanged on circumstantial evidence. The following fall, Broncho Billy proposed to Marguerite, but victims of the dead man hunt him, and in trying to get away from them, he backs out of an opening in a barn life and is killed. This picture is a western-thriller and must be seen to be appreciated. The other features are in keeping with the high standard films that you always find at the Opera House.

### B. F. KEITH'S THEATRE

In addition to the wonderful success scored by the bill and the local B. F. Keith theatre, this week Manager Ben J. Pickett has been informed by wire from Mr. A. Paul Keith that the massive new Keith theatre in Washington, D. C., is doing the most satisfying business ever done by a vaudeville theatre in the national capital. Last night President Woodrow Wilson made his second visit to the theatre within a week, accompanied by Dr. Axson of Princeton university, and the naval aide, Dr. Grayson. The president laughed long and often, especially at the grotesque comedy offered. Secre-

tary Tumulty occupied the president's box yesterday afternoon. The acquisition of a theatre which is proving so popular among the people of Washington is being heralded far and wide. Tickets for performances at the local Keith theatre may be secured in advance. The box office telephone number is 25.

### MERRIMACK SQUARE THEATRE

That yacht scene in the third act of "Brewster's Millions" being played at the Merrimack Square theatre is certainly thrilling. It is one of the most picturesque and at the same time exciting scenes which has been devised for local theatre-goers for some time. As they itself is rattling good and with all the different members seen to advantage it is little wonder that capacity audiences have greeted this great play at all performances so far this week. The motion pictures which are always a feature at this popular theatre are some of the best which have been given for several weeks and include as they will the first three days of every week, the latest Mutual war. For Sunday matinee and night, Manager Carroll has secured the King Trio which will be seen with four other plays and a series of the latest photographs.

### MENELLY'S RETURN DATE

McEnelly's Singing Orchestra will be the attraction at the Casino Friday evening and one of the biggest crowds that ever attended a dance in Lowell is looked for. The Casino floor will accommodate 1500 people. Great interest is being taken in this event. Already parties are being formed in Lawrence and Nashua. Dancing will start at 8 o'clock.

## DEATHS

KANE—The many friends of Bernard F. Kane, who died yesterday at 159 Grand street and whose death was briefly referred to in yesterday's issue, were shocked to hear of his untimely death. For deceased had been ill but a week. He had just entered on his duties as night watchman at the Sun building when he was stricken with the illness which finally terminated in his death. Bernard F. Kane was a splendid type of industrious young man, modest and unassuming, and intensely loyal to his friends. For many years he has been prominently identified with the Mathew Temperance Institute, foremost in its active work, rendering beneficial service on committees. Frequently he had been offered several of the highest positions in the institute but he modestly declined, believing he did most effective work, up until he was stricken with illness. He will be missed in many circles, but more particularly among his associates at the Mathews, who admired him for his many noble qualities of heart and mind and his sterling worth as a friend. His sorrow-stricken wife has the sympathy of all in her sad bereavement.

QUINN—Mrs. Ellen Quinn, a well known and highly respected resident of St. Peter's parish for many years, died yesterday at her home, 31 North street. Besides her husband, Patrick,

she leaves three sons, Daniel, Patrick and James and two grandchildren. The body was removed to the home of her son, Patrick, 18 Chambers street.

LEITH—Mrs. Minnie Leith died Monday at her home in this city, aged 51 years, three months and 22 days.

MCCARTHY—Joseph F. McCarthy, aged 8 months, died Tuesday evening at the home of his parents, Patrick and Rose McCarthy, 3 rear st., Summer street.

WILLIAMS—Hubert Williams, aged 32 years, died this morning at the home of Matthew James, 18 Westford street. He leaves a wife, Catherine, one daughter, Irene, and a mother, Mrs. Mary Williams. The body was taken to the chapel of J. F. O'Donnell & Sons.

SOUCY—The many friends of the Soucy family, 329 Moody street, will be grieved to learn of the death of their father, M. Paul Soucy, who died at Grand Falls, New Brunswick, at the age of 53, after being ill for a short time only. He leaves, besides his wife, three sons, William, employed at the Don Marche, George and Louis, and two daughters, Lottie and Margaret, all of this city.

## GAS ON THE STOMACH

Use Dr. Williams' Pink Pills For This Form of Indigestion.

It is a poor treatment for stomach trouble that treats the stomach alone. Back of all your lack of appetite, sourness of stomach, belching of gas, nausea, pain after eating, heaviness and sameness of feeling in the stomach, is bad blood. The food is fermenting in the stomach, only partly digested, because the stomach is weak.

Take Dr. Williams' Pink Pills and notice the difference in your condition. You will be able to eat three good meals a day without discomfort.

The new blood, which Dr. Williams' Pink Pills make, will restore the stomach to its normal condition, positively strengthen the digestive organs and increase the flow of digestive fluids. You will also find a great improvement in your general health, and new strength in every nerve and muscle.

Do not put off finding relief a single day. Get a box of Dr. Williams' Pink Pills today and begin the treatment at once.

## WHEN COAL IS UP

Or down in price, in fact at all times, in all seasons, you will conserve your own best interests if you lodge your coal orders with us, in person, by mail, messenger or phone. Why? Because we handle the output of some of the best mines in America, carefully clean it, deliver it promptly and charge only ruling market prices, which we cannot control. Mail and telephone orders will receive immediate attention.

## SAMPLE BOTTLE OFTEN PROVES BENEFICIAL

Some time ago I was afflicted with kidney and bladder trouble and was unable to obtain any relief from other medicines so sent for a sample bottle of your Swamp-Root. I received so much benefit from this small bottle that I purchased a large bottle of the drug. I continued the use of Dr. Kilmer's Swamp-Root until I regarded myself as cured and am now in very good health. I recommended it to a neighbor who has used it with the same results.

I regard your remedy, Swamp-Root, as a preparation that will do all you claim for it.

MRS. ALBERT STERNER,  
Cressona, Pa.

Personally appeared before me this 15th of September, 1913, Mrs. Albert Sterner, who subscribed the above statement and made oath that the same is true in substance and in fact.

Prove What Swamp-Root Will Do For You

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention The Lowell Sun. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## BODIES FOUND

Man and His Son Were Murdered—Both Terribly Mutilated

MATAWAN, N. J., Sept. 24.—The bodies of Angelo Cantuope, a farmer, and Victor Lantacchia, a young man, were found in a roadside ditch near the farm early today. They had been set upon and murdered while returning to the farm after disposing of some produce here.

Robbery, apparently, was the motive.

The elder man's jugular vein had been severed and he had been stabbed repeatedly in the back and head. The boy's back had been gashed in four places. The team which they drove left unattended, continued on to the barn where the blood-spattered wagon gave the first clue to the crime.

## ACT CREATING NEW CITY BOARD

Is a Very Important One and Very Explicit—Board's Duties Defined

Board Must Pay Special Attention to the Housing Question

While the planning board elected by the municipal council yesterday, did not get any mention at any previous meeting of the council, the board or commission is an important one as will be ascertained by the reading and analysis for the act providing for its establishment. The act is contained in chapter 194 of the Acts and Resolves for 1913 and reads as follows:

Section 1. Every city of the commonwealth, and every town having a population of more than ten thousand at the last preceding national or state census, is hereby authorized and directed to create a board to be known as the planning board, whose duty it shall be to make careful studies of the resources, possibilities and needs of the city or town, particularly with respect to conditions which may be injurious to the public health or otherwise, and to make plans for the development of the municipality with special reference to the proper housing of its people. In cities, the said board shall be appointed by the council, subject to confirmation by the council, and in towns under a commission form of government, so-called, the members of the board shall be appointed by the governing body of the city. In towns, the members of the board shall be elected by the voters at the annual town meeting.

Section 2. Every planning board established hereunder shall make a report annually to the city council or governing body in cities and to the annual town meeting in towns, giving information regarding the condition of the city or town and any plans or proposals for the development of the city or town and estimates of the cost thereof; and it shall be the duty of every such local planning board to file a copy of all reports made by it with the homestead commission.

Section 3. The homestead commission, created by chapter six hundred and seven of the acts of the year nineteen hundred and eleven, is hereby directed to call the attention of the mayor and city governments in cities and the selectmen in towns having a population of more than ten thousand at the last preceding national or state census to the provisions of this act in such form as may seem proper; and said commission is furthermore authorized and directed to furnish information and suggestions from time to time to city governing boards and to the selectmen of towns and to local planning boards, when the same shall have been created, such as may, in its judgment, tend to promote the purposes of this act and of those for which the said commission was established.

Section 4. The city council or other governing body in cities is authorized to make suitable ordinances, and

towns are authorized to make suitable by-laws, for carrying out the purposes of this act, and they may appropriate money therefor.

Section 5. This act shall take effect upon its passage. Approved April 16, 1911.

## THE BOARD OF HEALTH

Discussed Water Condition In Lowell With Com. Barrett and Supt. Thomas of the Water Department

At a meeting held yesterday afternoon, the board of health discussed the condition of the city water, with Superintendent Thomas and Commissioner Barrett of the water department present. That there is nothing in the water to produce disease seemed to be

the general consensus of opinion. An announcement was made of the intention of the board to publish a report at a later date.

Dr. Frank McAvinue gave a report on his activities during the recent smallpox scare. During the session, no definite action was taken by the board on the water question other than with reference to the issuing of a report.
